

Green River College

Retention Rates by Enrollment Status

The IPEDS fall-to-fall retention rate tracks students who begin their studies at the college as first-time, full-time, degree-seeking students fall quarter in a given academic year to see how many return their second year. Not all students at Green River are tracked for these rates. Students who have already attended another postsecondary institution, enrolled part-time, or who are not pursuing a degree- or certificate-seeking program are excluded.
