Purpose of the proposal and its anticipated effects, including any changes in existing rules: Address state and federal law compliance requirements and general updates to organization and usefulness of the Student Conduct Code for students and the campus community

On April 19, 2024, the U.S. Department of Education released its final rule to fully effectuate Title IX's promise that no person experiences sex discrimination in federally funded education. Before issuing the proposed regulations, the Department received feedback on its Title IX regulations, as amended in 2020, from a wide variety of stakeholders. The final regulations strengthen several major provisions from the current regulations and provide schools with information to meet their Title IX obligations while providing appropriate discretion and flexibility to account for variations in school size, student populations, and administrative structures. The final regulations are effective on August 1, 2024, and apply to complaints of sex discrimination regarding alleged conduct that occurs on or after that date. Existing policies and procedures will remain in place for complaints of alleged conduct that occurs prior to August 1, 2024
