

GRC OCCUPATIONAL THERAPY ASSISTANT PROGRAM

Prerequisite Class Required Before Entering Program: Student may apply to program when registered one of the following Science Course options:

1. Bio &175 (5 credits)
OR
Biology &241
OR
Anatomy and Physiology 103

Required Gen Ed Classes. Highly recommend completion prior to program entry but can be taken while in program before second year of program.

2. English &101
3. CMST: Any 5-credit course
4. Math 070 or higher

Program options:

HYBRID EVENING PROGRAM	TRADITIONAL PROGRAM TRACK
Curriculum Design	Curriculum Design
<ul style="list-style-type: none"> • Designed for students who need more flexibility in the day hours • Courses are offered throughout the week with occasional Saturday intensive labs or community service work. Ideally students come to campus 2-3 times per week in the evening dependent on scheduling of courses and how instruction is delivered. • Courses offered on-line and in face-to-face format • Students must be self-directed, computer literate, and have ready access to computer technology to use on-line course delivery method • Level I fieldwork required involving day-time clinic observations • Program demands align with part time employment • Nine (9) quarters in length • Program is developmental in design where students must finish foundational classes in program before entering application academic practice classes 	<ul style="list-style-type: none"> • Designed for students who are free to attend full-time day classes Monday through Friday, with some early evening courses. An occasional Saturday may be expected to allow for community service work. • For those who desire a structured program in a traditional classroom lecture/lab format • Seven (7) quarters in length; quarters 6 and 7 consisting of full-time internship/fieldwork • Full time employment is not recommended • Program is developmental in design where students must finish foundational classes in program before entering application practice classes
