

GREEN RIVER COLLEGE NURSING PLANNING GUIDE GREENRIVER.EDU/NURSING

Overview of Common Nursing Roles

Assistant/Technician: Narrow scope of work. Provides basic patient care under supervision, assisting with daily activities and monitoring health. Examples include nursing assistant, emergency room technician, and phlebotomist. Licensing typically requires completion of a certificate program.

Practical Nurse (PN): Delivers direct patient care under supervision, focusing on hands-on skills and patient interaction. Licensing requires completion of an Associate of Applied Science in Practical Nursing degree.

Registered Nurse (RN): Coordinates patient care, administers medications, educates patients, and collaborates with healthcare providers. Licensing requires completion of an Associates Degree in Nursing or an Bachelors of Science in Nursing degree.

Certified Registered Nurse Anesthetist (CRNA): Administers anesthesia and monitors patients during surgery for safe pain management. Licensing requires completion of a CRNA program. Admission into a CRNA program typically requires 1-3 years of experience as an RN working in the ICU at a level 1 or 2 trauma hospital, like Harborview.

Nurse Practitioner (NP): Diagnoses and treats illnesses, prescribes medications, and educates patients, often specializing in specific areas. Licensing requires completion of a masters or doctoral program.

Nursing Specialties

Once an individual achieves nursing licensure, specialization often occurs through on-the-job training, experience, and further education, such as advanced practice nursing programs like a Master of Science in Nursing (MSN) or a Doctor of Nursing Practice (DNP), offering specialized coursework and clinical experiences.

Bachelors of Science in Nursing

Equips students for careers as Bachelor's prepared Registered Nurses through a 90-credit curriculum, including classroom and lab experiences, leading to eligibility for the NCLEX-RN. Graduates benefit from improved job prospects, career advancement opportunities, and preparation for advanced degrees, enhancing patient care outcomes and autonomy in nursing practice.

2 YEARS
Program Length
+LPN Program

FALL QUARTER
Admit 32 Students

APPLICATION
Online-Open 2.1 to 4.1

~55%
Acceptance Rate

COST
About \$18,000
Tuition & Supplies

TBD
NCLEX-RN Pass Rate

Requirements: Unencumbered practical nursing license. Up-to-date on immunizations; GRC Nursing does not grant religious or philosophical exemptions. Successful completion of all prerequisite courses; 1 course may be outstanding at the time of application.

Associate of Applied Science in Practical Nursing

Prepares students for careers as licensed practical nurses through a 90-credit program, of which 45 credits are prerequisites. Graduates can sit for the NCLEX-PN for licensure. The program offers job security, a pathway into nursing, the ability to bridge into ADN or BSN programs, and the opportunity to start working in as little as 2 years.

9 MONTHS
Program Length
+ Prerequisites

FALL QUARTER
Admit 40 Students

APPLICATION
Online-Open 4.15 to 6.1

~30%
Acceptance Rate

COST
About \$8,000
Tuition & Supplies

92%
NCLEX Pass Rate

Full-Time Program

17 MONTHS
Program Length
+ Prerequisites

SPRING QUARTER
Admit 24 Students

APPLICATION
Online-Open 12.1 to 1.15

~25%
Acceptance Rate

COST
About \$9,100
Tuition & Supplies

Part-Time Program

MA-C Option: Certified medical assistants eligible to earn 2 credits for work experience, after completing skills test with faculty.

Requirements: Up-to-date on immunizations; GRC Nursing does not grant religious or philosophical exemptions. Successful completion of all prerequisite courses; 1 course may be outstanding at the time of application.

Associates of Pre-Nursing

Enables students to transfer seamlessly to BSN programs in Washington State by fulfilling foundational coursework requirements, including completing 90-91 quarter credits with a minimum GPA of 2.0 and meeting specific distribution criteria, with potential GPA standards set by nursing programs. Completion of this program does not qualify students for licensure in nursing.

2-3 YEARS
Program Length

START PROGRAM
Any Quarter

APPLICATION
Not Required

COST
About \$13,000
Tuition & Supplies

Requirements: This degree meets the enrollment requirements for BSN programs at universities in the State of Washington, but requirements can vary. Please check with your intended transfer program for specific requirements.

Immunizations & Medical Tests

View the details at greenriver.edu/nursing > select program > Immunization Requirements

Participants in all of Green River's Nursing programs, except for Phlebotomy, must complete all required immunizations and medical tests. No exemptions are allowed, including for philosophical, religious, or medical reasons. A titer, as mentioned below, is a blood test used to check immunity to specific diseases.

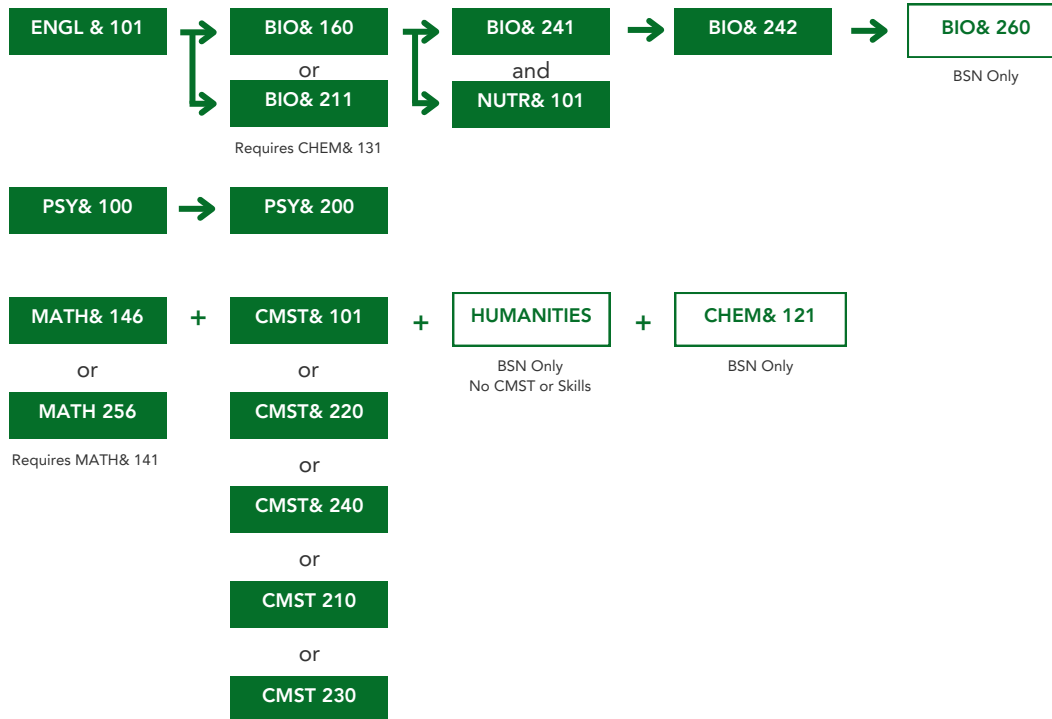

Immunizations	Immunizations or Titers	Immunization & Titer	Medical Tests
<p>Tdap Required every 10 years</p> <p>Flu Required annually</p> <p>Covid-19 At least one booster or currently available vaccine</p>	<p>MMR (Measles, Mumps, Rubella) Provide proof of vaccination (2 doses) or titer</p> <p>Varicella Provide proof of vaccination (2 doses) or titer</p>	<p>Hepatitis B 3 injections which take approximately 6 months total. Titer is required after being fully vaccinated.</p>	<p>TB Test Option #1: 2-Step Tb Test Option #2: QuantiFERON Blood Draw</p>

Green River AAS and BSN Prerequisite Courses

View the Details at greenriver.edu/nursing > select program > Admission Requirements

Completion of the courses below is required prior to entering Green River's AAS and BSN degree programs. Applicants may have unfinished prerequisites at the time of application but their application may not be as competitive. Please note that:

- minimum prerequisite course GPA is 2.5
- minimum cumulative prerequisite GPA is 3.0+
- courses do not expire
- no course retake limit
- Your math & English placement may require additional courses.

Sample LPN Prerequisite Course Plan

Q 1	Q 2	Q 3	Q 4	Q 5	Q 6
ENGL& 101	BIO& 160	BIO& 241	BIO& 242	BIO& 260*	
MATH& 146	CMST& 220	NUTR& 101	CHEM& 121*		
PSYC& 100	PSYC& 200	HUMANITIES*			

This schedule assumes placement into ENGL& 101 / MATH& 146. Some students may need to take additional English/math courses.

*BSN prerequisites only, which can be completed after admission/completion of the LPN program.

Intended Program(s): _____

Program Application Deadline: _____ **Immunizations Required:** Yes No

English & Math Placement

Your math and English placement may impact your course progression. Determine your placement at greenriver.edu/placement.

English Placement: _____ **Math Placement:** _____
