

Open Doors

Hours Verification Form

iGrad | Kent School District Partnership
Auburn Opportunity Project (AOP) | Auburn School District Partnership
Tahoma School District Partnership

Open Doors students are required by the Office of the Superintendent of Public Instruction to verify two hours of class attendance monthly. Instructor signature indicates a student was in class for at least the amount of time listed in the "Number of hours in class" box.

Note: Students are informed that far more than two hours of participation are required to be academically successful. Two hours merely represents what the state requires for verification.
