## FAX (ENROLLMENT SERVICES OFFICE)

(253) 288-3454

## WRITING

To write for information or to send materials to the college, use the following mailing address:

Enrollment Services Office  
Green River Community College  
12401 SE 320th St.  
Auburn, WA 98092-3622

## WEB SITE

[www.greenriver.edu](http://www.greenriver.edu)

## CAMPUS VISITS

One of the best ways to get information about a college is to visit the campus. Many students have reported that a personal visit to campus was how they decided that Green River was right for them. If you are interested in visiting Green River, call ext. 6000 for more information. Groups should call ext. 2637. Visits can include a stop at the Career and Advising Center and a talk with faculty members in programs of interest.

## CATALOGS

Catalogs are available at Enrollment Services and on the Web at [www.greenriver.edu](http://www.greenriver.edu).

## CLASS SCHEDULES

Green River publishes a class schedule for each quarter of the academic year. Copies are available on campus, on the web, and are mailed to all residences in the college's service area several weeks before the quarter begins. A special early fall edition is printed in the spring for the following fall quarter. This schedule is available only on campus and is primarily used by continuing students who register for fall during spring quarter. For information, call Enrollment Services at ext. 2500 or visit Web site [www.greenriver.edu/classschedule/](http://www.greenriver.edu/classschedule/).

## INSTRUCTIONAL AREA BROCHURES

Call Enrollment Services (ext. 2500) for guides that give general information about individual professional technical programs.

## ONLINE SERVICES AND STUDENT KIOSK

Online services allows students access to relevant information in a convenient, easy manner. The Student Kiosks are located in the Technology Center, Holman Library and throughout offices in the Lindbloom Student Center. They allow students to:

- view schedules
- access class information
- view financial aid information
- run a degree audit
- print an unofficial transcript
- view registration appointments
- change student PIN
- access tax credit information
- print HOPE scholarship information
- access scholarship information
- access schedule planner
- pay tuition by credit card
- register via web
- update or change address

Visit [www.greenriver.edu/online](http://www.greenriver.edu/online).

Green River Community College does not discriminate on the basis of race, color, national origin, sex, sexual orientation, disability, marital status, religion, age or any other unlawful basis in its programs and activities. The following person has been designated to handle inquiries regarding the non-discrimination policies: Vice President of Human Resources, 12401 SE 320th St., Auburn, WA 98092, (253) 288-3320. **To receive this information in an alternative format, please contact Disability Support Services at (253) 833-9111, ext. 2631; TTY (253) 288-3359.**

# Get started at Green River

# 1

## Apply

Choose one of 3 easy ways:

- Online by selecting "Apply Online" at [www.greenriver.edu](http://www.greenriver.edu)
- In person at the **Main Campus** (Zgolinski Welcome Center), **Enumclaw Campus** or **Kent Campus**
- Call for an application at (253) 833-9111, ext. 2500

# 2

## Determine your placement

Take the COMPASS\* at the **Main Campus** (Zgolinski Welcome Center), **Enumclaw Campus** or **Kent Campus**.

For hours, cost and information go to [www.greenriver.edu/assessmenttesting](http://www.greenriver.edu/assessmenttesting) or call (253) 833-9111, ext. 2650.

*\*The COMPASS helps place you in the proper math, reading and writing course. It is not a pass or fail test.*

# 3

## Money for college

Familiarize yourself with the following resources and programs that provide funding assistance:

- Our Web site at [www.greenriver.edu/moneyforcollege](http://www.greenriver.edu/moneyforcollege)
- **Financial Aid**, Main Campus (Lindbloom Student Center, Room 231), (253) 833-9111, ext. 2449, [finaid@greenriver.edu](mailto:finaid@greenriver.edu)
- **Workforce Education**, Main Campus (Science, Math, Technology building, Room 122), (253) 833-9111, ext. 2211, [workforce@greenriver.edu](mailto:workforce@greenriver.edu)
- **Tuition Payment Plan**, Main Campus (Lindbloom Student Center, Room 274), (253) 833-9111, ext. 2500, [enrollmentservices@greenriver.edu](mailto:enrollmentservices@greenriver.edu)

# 4

## Advising & registration for classes

Sign up for a new student advising and registration session.

Choose one of the following:

- In person at the **Main Campus** (Zgolinski Welcome Center), **Enumclaw Campus** or **Kent Campus**
- Online at [www.greenriver.edu/advising](http://www.greenriver.edu/advising)
- By calling (253) 833-9111, ext. 2641

# 5

## Start classes!

To receive this information in alternative format, please contact Disability Support Services at (253) 833-9111, ext. 2631; TTY (253) 288-3359.

# Admissions

## WHO CAN BE ADMITTED?

Admission to the college is open to anyone who has a high school diploma, GED, or is at least 18 years old. Green River welcomes people of all income levels, backgrounds and previous educational experience.

## WHEN SHOULD YOU APPLY?

Students who plan to start classes fall quarter may apply any time beginning December 1 of the preceding year. Students who complete the entry process first, get to register first, so applying early is an advantage.

Students may begin most programs any quarter, but some professional technical programs begin fall quarter only. See area of interest in the Programs of Study section of this catalog to determine program entry times.

Students who plan to begin their studies winter, spring or summer quarter may apply any time prior to the beginning of that quarter. Applications are accepted beginning September 1 for the following winter quarter; January 1 for the following spring quarter; and April 1 for the following summer quarter.

## HOW TO APPLY

Students may apply for admission:

- online at [www.greenriver.edu](http://www.greenriver.edu)
- by submitting a Green River or State of Washington Uniform Community College Admissions form to Enrollment Services via mail or in person

Students may request an application be mailed to them by calling Enrollment Services at ext. 2500.

After the college has processed the application, students will be mailed an acceptance packet. The packet will include their student identification number, and a checklist guiding them through the process. The checklist includes information on assessment, orientation, advising, how to access their registration appointment, registration for classes, and more.

## AGE EXCEPTION POLICY

The following guidelines apply to the admission of those persons who do not meet general admission requirements.

1. Students under the age of 18 who have not earned a diploma or the equivalent from an accredited high school may be admitted only upon appropriate release from their high school. Home-schooled students are also subject to the special admission requirements outlined below. Students will be required to submit a High School Release Form signed by the appropriate high school official when they apply for admission and register. These forms are available at area high schools. Applications for underage students must have a release form attached in order to be processed. If a student is below 9th grade, then a letter written on school letterhead and signed by an appropriate official, may be substituted.

2. Persons who have met the admission requirements of the Running Start program are exempted from the underage admission policy as stated in this catalog section.
3. Students under the age of 16 normally will not be admitted. If a potential student will not be 16 by the starting date of the quarter they wish to attend and want to pursue enrollment, the interested party must contact the Career and Advising Center to seek an exception. Enrollment decisions will be made according to the following criteria:
  - a. The student must be referred to Green River by an academic institution or educator. This referral will include a required release form from the student's home institution, signed by the counselor (referring agency) and the student's parent or guardian. The high school release form must be submitted each quarter with an annotation by the high school counselor regarding what specific class(es) the student is to enroll in.
  - b. Students who are admitted must complete formal enrollment prior to the first day of the quarter.
  - c. If it is determined that the student is eligible for courses available through the public school system, the student should not be enrolled.
  - d. Students must meet course prerequisites and demonstrate academic preparedness through COMPASS placement or an independent evaluation by a full-time faculty member from the impacted division(s).
  - e. Appropriate evaluation of the student's maturity/college readiness. This can be accomplished through a personal interview between the student, the Director of Career and Advising or his/her designee, or the dean of the appropriate academic division, or the instructor of record for the course(s) to be taken. It may be appropriate to include the parent/guardian of the student in these discussions.
  - f. Students may not drop or add courses during an approved quarter without appropriate approval from the instructor.
  - g. Students are required to make academic progress (GPA of 2.0 or higher). Students not complying with these procedures will be disenrolled.

## APPLICATION FOR RE-ADMISSION

Students who have not attended Green River for at least one quarter, may re-apply online or by calling Enrollment Services. Once their record has been updated, they will be assigned a registration time. Only students who have earned credit at Green River in the past are eligible to register as a returning student.

## HEALTH SCIENCES SPECIAL ADMISSION REQUIREMENTS

The programs in Practical Nursing, Occupational Therapy Assistant and Physical Therapist Assistant have special admission requirements to ensure student success. Students need to refer to the Programs of Study section in this catalog for individual program requirements. For further information, contact the advisor for each Health Science programs at ext. 2641.

The Health Sciences programs comply with the “Child/Adult Abuse Information Act,” RCW 43.43.830-43.43.840. Each Health Sciences student is required to submit to a background investigation for criminal history information prior to entry into the program.

## INTERNATIONAL STUDENTS

### ADMISSIONS

Qualified international students are admitted to Green River Community College each of the four academic quarters. International student applicants should submit an international application form no later than five to six weeks prior to the beginning of the academic quarter for which they want admission to the college. (See calendar for quarter dates, inside back cover.) The admissions process must be completed before the International Programs office will issue the Certificate of Eligibility Form I-20.

On the basis of their educational background and knowledge of the English language, international students may be admitted either to the college’s academic or professional technical programs or to the Intensive English as a Second Language Program (IESL).

### APPLICATION REQUIREMENTS

- Must be a high school graduate or at least 16 years of age
- Complete an international application for admission and submit it to Green River’s International Programs office
- Send a \$50.00 application fee
- Submit one of the following as a statement of financial support for one full year of study in the U.S.A.
  1. Personal or family sponsored: Bank statement, certification of wages, or similar statement of financial resources
  2. Government or company scholarship: Official sponsorship letter
  3. Sponsor living in the U.S.A.: Notarized I-134 sponsorship document

### TRANSFER-IN STUDENTS

Admission of students transferring from other colleges is regulated by the same academic standards that apply to other Green River students. Transfer students are required to indicate all previous college work when they complete the application process.

Students transferring credits from other institutions, military experience or advanced placement must provide the Enrollment Services Office with official transcripts, along with a request form for transcript evaluation. Records become the property of Green River and will not be returned to students. Upon completion of the evaluation, students will be provided with a written response indicating which courses have been accepted as transfer credit to Green River and what the Green River course equivalent is for each transfer course. This correspondence will become part of the student’s official record.

It is to the incoming student’s advantage to request a transcript evaluation as early as possible. Registration access times at Green River are calculated on a credit-earned basis. Translated (accepted) credits will be used to assign

an earlier registration access time after students have attended their first quarter at Green River. A transcript evaluation must be completed by the credentials evaluator prior to the next quarter’s registration in order for students to get an earlier registration access time.

## Financial Assistance

**Financial Aid Office**  
(253) 833-9111, ext. 2440

If paying for college expenses is a concern, contact the Financial Aid Office to apply for assistance. Green River’s philosophy is that people should have the opportunity to achieve their educational goals, regardless of income. Grant, loan and work-study programs may be available for those needing assistance.

### ELIGIBILITY

To be eligible for financial assistance through federal and state programs, a student must:

- have a high school diploma or GED certificate;
- be enrolled in an eligible degree or certificate program;
- be a U.S. citizen or national, or an eligible non-citizen;
- meet satisfactory academic progress standards;
- not owe a refund on any federal grant or be in default on a federal student loan;
- register for selective service, if male and age 18 or older; and not recently convicted for possession or sale of a controlled substance (illegal drugs).

### HOW TO APPLY FOR FINANCIAL AID

Apply for admission to the college.

Students should complete the Free Application for Federal Student Aid (FAFSA) and mail it to the federal processor by April 15. In addition, complete and return the Green River Financial Aid Application and any other required documents to the Financial Aid Office by April 15. Applications completed after April 15, will be awarded only if funds remain available.

Students need to re-apply for financial aid each year.

Students will be notified of any financial aid award by mail. Awarding typically begins in June and continues throughout the year. For more information, contact the Financial Aid Office.

Financial aid is available to all qualified students regardless of race, ethnicity, creed, color, national origin, sex, marital status, sexual orientation, age, religion, or the presence of any sensory, mental or physical disability, status as a disabled person or veteran of war, in accordance with the Americans With Disabilities Act of 1990, Titles VI and VII of the Civil Rights Act of 1964, Title IX of the Educational Amendments of 1972, and Section 504 of the Rehabilitation Act of 1973.

## FINANCIAL AID PROGRAMS

Grants	Brief Description
Federal Pell Grant	A federal grant program for undergraduate students.
Federal Supplemental Educational Opportunity Grant	A federal grant program for undergraduate students.
Washington State Need Grant	A state grant program for undergraduate students.
State Tuition Waiver	A state program to cover tuition costs.

### Employment Programs

Federal Work-Study	A federal program to provide employment opportunities for students on or off campus.
State Work-Study	A state program to provide employment opportunities for students on or off campus.

### Loan Programs

Federal Stafford Loan	A federal loan program with deferred repayment and variable interest rates.
Federal Plus Loan	A federal loan program for parents of dependent students. Variable interest rate with immediate repayment.

### Scholarships

Green River Foundation Scholarships	A variety of scholarships funded by the Green River Foundation.
-------------------------------------	---

## SCHOLARSHIPS

**Financial Aid Office**  
(253) 833-9111, ext. 2449

The Green River Community College Foundation offers over 80 different scholarships to new and/or returning students each year. Scholarship criteria can range from areas such as talent, academics, career interest, program of study or leadership, to a need basis or single parent status. In addition, the Financial Aid Office provides scholarship search resources, scholarship listings and applications from off-campus.

## SPECIAL PROGRAMS

**Financial Aid Office**  
(253) 833-9111, ext. 2465

Students working with agencies such as Labor and Industries, Division of Vocational Rehabilitation, Workforce Training, Work Source, Trade Readjustment Act, Division of Rehabilitation-Veterans Chapter 31 or other agencies that are assisting in the funding of tuition, fees, books and supplies, should come to Special Programs, located in the Financial Aid Office, to turn in paperwork and pick up tuition and book vouchers.

## WORKFIRST TUITION ASSISTANCE

(253) 833-9111, ext. 2211

WorkFirst helps needy men and women learn job-specific skills so that they can earn a better living. Participants who qualify for WorkFirst can receive financial aid to pay for tuition, books, and fees.

## WORKER RETRAINING

(253) 833-9111, ext. 2211

Assistance for Laid-off Unemployment Recipients and Displaced Homemakers

Worker Retraining is a partnership of community and technical colleges and the state Employment Security Department. It provides job training for both unemployed workers and those who face imminent layoffs. With Commissioner Approval, Worker Retraining students can enroll in professional technical training, continue to draw the unemployment benefits to which they are entitled, and stop seeking work if it interferes with classes or studies. In addition, if you have been self-employed or consider yourself a displaced homemaker, you may qualify for Worker Retraining assistance.

## Assessment

**Assessment & Testing Center**  
(253) 833-9111, ext. 2650

## ASSESSMENT AND TESTING CENTER

Enrolling students take a computerized assessment for course placement. Assessment is a tool that identifies the student's skill levels in math, reading, and writing. Students must have an application for admission on file prior to completing the assessment.

Sometimes referred to as an assessment test, it is not a test that can be passed or failed. The “score” on assessment simply indicates the appropriate starting point for each student enrolling in core subjects.

## ENGLISH PLACEMENT

Students are placed in their first English writing class based on their assessment evaluation. The English assessment will evaluate skills in writing, punctuation, grammar and composition. Students then follow the English sequence required for their educational or degree goals.

## READING PLACEMENT

Students are recommended to the appropriate reading or study skills class by the assessment. Skills reviewed are vocabulary, comprehension, ability to make inferences and locating main topics and ideas. Students then follow the reading sequence required for their educational goal.

## MATHEMATICS PLACEMENT

Students are placed in their first math class after they have completed the math assessment. Students then follow the math sequence that is necessary for their degree or educational goal. Students who have completed calculus should notify the Assessment Center staff. See Assessment Center staff for more information.

## ASSESSMENT WAIVER

Assessment is required for all new students, those seeking a degree and/or certificate, and those who plan to enroll in English or math courses. Assessment may be waived for the following:

- Students who have earned an Associate in Arts degree or higher from another college or university and who submit official transcripts showing successful completion of college-level math and English 110 (or its equivalent).
- Transfer students who submit official transcripts showing successful completion of college-level math and English 110 (or its equivalent).
- Students planning to take seven or fewer total credits that do not include or require math or English.
- Students who have taken the Advanced Placement examination in Math and English and received a grade of 3, 4 or 5 in each area. (See Advanced Placement for more information.)

Questions regarding student entry assessment and exemptions should be directed to the Assessment and Testing Center in the Zgolinski Welcome Center. Call ext. 2650.

## FOREIGN LANGUAGE PLACEMENT

1. Beginning students or those with one year or less of a high school language begin in foreign language courses numbered 101 unless otherwise placed by a foreign language instructor.
2. Students who have taken more than one year of a high school foreign language must be placed by a foreign language instructor.
3. Students who have taken a college foreign language should continue the sequence.
4. Students transferring to a four-year institution should know the foreign language requirements at the school of their choice.

## Advising

**Career and Advising Center**  
**(253) 833-9111, ext. 2641**

New Student Orientation is an opportunity to meet other new students and to learn more about the many campus resources and services available to students at Green River. Sign up for a new student advising and registration session. Choose one of the following:

- In person at the main campus (Zgolinski Welcome Center), Enumclaw Campus or Kent Campus
- Online at [www.greenriver.edu/advising](http://www.greenriver.edu/advising)
- Calling (253) 833-9111, ext. 2641.

## Goal Clarification

**Career and Advising Center**  
**253-833-9111, ext. 2641**

The Career and Advising Center staff will guide students through the process of enrolling in courses to meet your educational needs. The advising program is an important service to students. Full-time faculty members, educational planners and other trained staff serve as advisors to help students set educational goals. Advisors will provide information about classes, programs and educational support services within the college. Participation in advising will provide students with individualized attention needed to discuss goals, select classes and meet with knowledgeable faculty in their field of study.

Although advisors are available to assist with program planning, it is your responsibility to be informed about your degree or program requirements and college policies. Students who intend to transfer to a four-year college should take time to learn about that school's requirements.

To make the advising experience work, Green River suggests:

- Get to know your advisor. Visit with your assigned advisor at least once a quarter, if not more often. This person is available to help students succeed, so take advantage of this resource.
- Determine the classes you need to complete your educational goals. Make a list and ask your advisor to help map out an educational plan and timetable.

If transferring to a four-year college or university, identify the school(s) as early as possible and carefully review their catalog(s) and transfer requirements. College catalogs, transfer guides and other college information are available for student use in the Career and Advising Center.

Additional advising resources are available under Career and Advising Center in the Current Student section on the Green River Web site.

## Getting Started

### Registration

**Enrollment Services**  
(253) 833-9111, ext. 2500

The final step is to secure class selection. Registration is the process by which students schedule classes at the beginning of each quarter or at other specified times. Dates to register for classes are announced by the college each quarter and published in the quarterly class schedule. Students may view their registration access time at [www.greenriver.edu/](http://www.greenriver.edu/) online.

### CANCELLATION OF ADMISSIONS AND REGISTRATION

Green River Community College reserves the right to deny admission to, or cancel the registration of, any individual whose attendance would not be of mutual benefit to the individual and the college.

### COLLEGE COSTS

In estimating college costs, students will need to include amounts for tuition, special fees, books, supplies, transportation and living expenses. Textbooks and supplies can cost up to \$500 per quarter, depending on the program. Textbook prices are subject to change without notice.

### TUITION AND FEES

Tuition and fees are set by the state legislature and are subject to change. See **Tuition Rates** chart below. Current tuition rates are published in the Quarterly Class Schedule.

### OTHER FEES

A special services fee of 50¢ per credit is applied to all credits.

A technology fee of \$5 per credit to a maximum of 12 credits, not to exceed \$60. This fee was established by a student vote to cover the cost of equipment, printing, and tech support for the Technology Center.

A facilities fee of \$17.50 minimum, and \$3.50 per credit after 5 credits, not to exceed \$35, is applied to all credits.

A late fee of \$35 per class will be applied to all classes added after the tenth day of the quarter.

A Student Center fee of a flat \$25 (this fee was established by a student vote to cover the cost of a new Student Center).

### SPECIAL COURSES FEES

Assessment	12.40
Cap and gown, tassel	24.00
General Education Development Test (GED)	75.00
GED retest	15.00
Graduation fee	10.00
Lock fee (refundable)	7.50

All fees are subject to change.

### SPECIAL COURSES

Parent Child Education	\$11 per credit
Basic Skills	\$25 per quarter

### COMPLETE WITHDRAWAL FROM COLLEGE

We strongly encourage students to discuss any plans for withdrawal with their faculty advisor or an educational planner. If students wish to terminate enrollment in the college, they must do the following:

Obtain a registration form from the Enrollment Services Office.

<b>Tuition Rates 2007–2008</b> <i>Tuition and fees are subject to change by the Washington State Legislature.</i>	<b>Washington Resident</b>	<b>U.S. Citizen/Immigrant Non-Resident Waiver</b>	<b>International and Other Non-U.S. Citizen</b>
Per credit (1-10 credits)	\$75.80	\$89.00	\$247.50
Per credit (11-18 credits)	30.40	32.70	34.60
Per credit (19 credits and over, except as noted below for those who qualify)	68.20	81.40	239.90
Professional Technical surcharge for more than 18 credits (per credit)	30.40	32.70	34.60
* Veterans per credit (1-10 credits)	68.20	N/A	N/A
* Veterans per credit (11-18 credits)	30.40	N/A	N/A
* Veterans surcharge for more than 18 credits (per credit)	68.20	N/A	N/A
High School Diploma age 19 and over (per credit)	30.40	32.70	247.50
* See Enrollment Services Office for specific guidelines. Copy of DD214 required.		Non-Resident Waiver — U.S. citizens and INS-approved permanent residents are eligible for this waiver while establishing their Washington state residency.	
<b>NOTE:</b> Students auditing classes pay regular tuition and fees.		International and other — Visa classifications that are not eligible to establish residency, including international students.	

Complete the withdrawal portion and obtain the signatures of all instructors involved (if it's after the third day of the quarter).

Return the form to the Enrollment Services Office.

Please refer to the college's Academic Standards and Progress Policy in the student handbook.

## CREDIT LOAD

Students must enroll for a minimum of 12 credits to be considered a full-time student for financial aid, insurance or other programs. A full-time student will enroll for an average of 15 to 18 credits each quarter.

If students are enrolled in a professional technical degree or certificate program, a load of 25 credits is the maximum for which they may register per quarter. Students must have permission from an administrator for a credit overload.

If students are not in a professional technical program and wish to enroll for more than 20 credits, they must complete a Student Request for Credit Overload form and obtain special permission from their advisor and from an administrator. Students must have a minimum cumulative GPA of 3.0 for their request to be considered.

If students are heavily involved in extracurricular activities, they may want to limit themselves to a 12-credit load. Twelve credits is the normal requirement for eligibility in the activity program at Green River and the Northwest Athletic Association of Community Colleges.

## WHEN TO REGISTER

Currently enrolled students are assigned registration access times determined by the number of credits earned at Green River, and by any transferred credits from other institutions that have been evaluated by Green River. Registration dates are listed in the quarterly class schedule and registration access times are posted two weeks prior to the start of registration. Students may view their registration access time through our Web site at [www.greenriver.edu/online](http://www.greenriver.edu/online), then "registration access time."

New student registration begins immediately following the currently enrolled student registration cycle. New students who have an application on file will automatically be assigned a registration access time, determined by their application date. New students will be mailed registration information prior to the new student registration cycle. Advising is required for students their first quarter.

## ONLINE REGISTRATION

### Personal Identification Number (PIN)

Your original PIN is a randomly assigned number. You will be assigned a PIN once you have completed your new student advising session. To change your PIN via the Web, follow these instructions:

#### Web (online)

- Go to Web site [www.greenriver.edu](http://www.greenriver.edu)
- Select "Future Students" or "Current Students"
- Select "Online Services"
- Select "Student PIN change"
- Enter Student ID
- Enter old PIN

- Enter new PIN
- Confirm new PIN
- Select "Change"

### Web Inquiry Option

In addition to registering, the Web offers a variety of inquiry options. Once you have accessed the Web, a menu will walk you through the steps. The options available:

- Class Information
- Degree Audit
- Financial Aid Inquiry
- Hope Scholarship
- Registration Access Time
- Web Registration
- Schedule Planner
- Student Address
- Student PIN Change
- Student Schedule
- Tax Credit Information
- Unofficial Transcript
- Waitlist Inquiry and update
- Web Admissions Center

## LAST DAY TO REGISTER

Students must register by the third day of classes. Students may not unofficially attend a class and register after the tenth day of a quarter. The only exceptions to this rule are identified late-start classes and those classes categorized as continuous enrollment, as indicated by the Curriculum Office.

Please note: A late fee of \$35 per class will be applied to all classes added after the tenth day of the quarter.

## NO SHOW REPLACEMENT

If a student misses the first three sessions of a day class or the first two sessions of an evening class without notifying the instructor, the student may be submitted as a 'no-show.' If submitted as a 'no-show,' a "0.0" grade (failing) will be posted to the student's transcript at the end of the quarter. To have the failing grade removed from the student's permanent record, the student must officially withdraw him/herself from the class prior to the "last day to complete official withdrawal" date as published in the quarterly class schedule. It is the student's responsibility to complete and submit the required paperwork to Enrollment Services with the instructor's signature.

## REFUND POLICY

When students reduce their class load or completely withdraw from school, whether they have attended classes or not, Green River will refund tuition for their dropped credit(s) according to the refund conditions listed below. **Fees are non-refundable after the first day of the quarter. (Summer quarter differs — review the quarterly calendar for refund dates.)**

## Getting Started

### Students will receive a **100 percent** refund when:

- Students reduce their class load or completely withdraw from school, complete the Registration Change of Schedule form and submit it to Enrollment Services prior to or on the first official day of the quarter (or prior to or on the first session of class for identified late-start classes that begin after the first week of the quarter).
- Courses or programs are canceled by the college.

### Students will receive a **80 percent** refund when:

- Students reduce their class load or completely withdraw from school, complete the Registration Change of Schedule form and submit it to Enrollment Services during the second through fifth day of classes of the quarter (or during the second through fifth day of classes of the quarter for identified late-start classes that begin after the first week of the quarter).

### Students will receive a **40 percent** refund when:

- Students reduce their class load or completely withdraw from school, complete the Registration Change of Schedule form and submit it to Enrollment Services during the sixth through 20th calendar day of the quarter (or during the sixth through 20th day of the quarter for identified late-start classes that begin after the first week of the quarter).

### Students forfeit all claims to refunds of tuition when:

- They discontinue their class or classes without completing the proper forms and procedures.
- They withdraw after the 20th calendar day of the quarter or after 25 percent of the course or program has elapsed, whichever comes first.
- They discontinue their class or classes because of misconduct.
- The Board of Trustees indicates in the college catalog, quarterly class schedule, and/or course announcement, that such fees are non-refundable.

### Please note these additional conditions:

- Course fees for self-supporting, continuing education, and some Kent Campus classes are exempt from this refund policy. (Contact the Continuing Education Office or Kent Campus for further information.)
- Exceptions may be made for medical reasons or unforeseen military duty. A written appeal must be sent to the Registrar with documented proof.
- Refunds of less than ten dollars (\$10) will not be made.
- Students who have paid fees for equipment or materials that have a return/refund value must have the responsible instructor or staff person complete the appropriate form approving the refund.
- Co-op, technology, and facility fees will be refunded for withdrawals through the first day of the quarter (or prior to or on the first session of class for identified late-start classes that begin after the first week of the quarter).
- Other fees that are non-refundable and not subject to this policy will be set by the college Board of Trustees and identified as such in the quarterly class schedule.

- Special services fee (50 cents per credit) will be refunded for withdrawals through the first day of the quarter (or prior to or on the first session of class for identified late-start classes that begin after the first week of the quarter).

## FORMS

Change of schedule forms, which enable students to request refunds, are available in Enrollment Services and on the Web. Forms are also available for requesting an exception to the refund policy.

## APPEALS

Students have the right to appeal refund decisions within one calendar year of their payment when there are special circumstances involved. All appeals must be submitted to the Registrar in writing with documented proof.

## REFUNDS/RETURN OF FEDERAL FINANCIAL AID FUNDS

Green River's tuition refund policy operates independently from the federal financial aid refunds policy required for financial aid recipients. Tuition refunds are not returned directly to financial aid recipients; they are returned to financial aid accounts.

When students withdraw from classes or stop attending before 60% of the quarter has elapsed, unearned Title IV federal funds (grant and loan) must be returned to the federal accounts by both the student and the college. The amount of earned and unearned funds is based upon the number of calendar days of class attendance. If the student attended 40% of the quarter, both the school and the student will be allowed to retain 40% of the eligible aid. The student and the college would then be required to return a portion of the unearned 60% of aid to the grant and loan accounts.

If the student shows eligibility for funds not yet disbursed, a late disbursement of aid can be made even though the student has ceased attendance.

## ACADEMIC POLICIES AND PROCEDURES

### ACADEMIC RECORDS

#### CHANGE OF ADDRESS

If the students' current address is different from the one on file, they must file a change of address form with the Enrollment Services Office or access our Web site at [www.greenriver.edu/](http://www.greenriver.edu/). This will enable the college to mail important information to the correct address. If students fail to complete a change of address form, the college will not be responsible for problems in communication with the student.

### CONFIDENTIALITY OF RECORDS

A student at Green River has the right to examine his/her educational records, and the college may not, without the student's permission, let others examine those records for other than educational purposes, per the Family Educational Rights and Privacy Act (FERPA) policy.

## DEGREEWORKS

Degree Works is a degree audit program that allows **current** students to view courses that are completed, transferred, or currently enrolled against the degree requirements in their program. DegreeWorks can be accessed at [www.greenriver.edu/online](http://www.greenriver.edu/online), then select “DegreeWorks Audit.”

## NAME CHANGES

It is important that a student’s name is accurately reflected on his or her individual record. The Enrollment Services office maintains a confidential record of the student’s last name, first name, middle initial and up to two previous last names. It is the student’s responsibility to notify the Enrollment Services office of any change.

To report a name change on their record, students must:

- Submit it in writing. Complete a student information change form.
- Initiate the change. Signature is required.
- Show documentation. A copy of a marriage certificate, divorce decree, adoption papers, court order or other legal documents must be attached to the request.

## STUDENT IDENTIFICATION NUMBER

All students are assigned a SID to use for all transactions at Green River Community College. If you forget, or lose your assigned SID, you will need to bring picture ID into Enrollment Services to obtain your number.

Green River requests social security numbers at the time students make application to the college. As authorized under state law SB5509, the SSN will not be used as the SID number that would appear on the class rosters and most other documents. Generally, the SSN is stored confidentially in your records and used only for necessary purposes as authorized by law. Those purposes include the following:

- Financial aid, including loan deferments from other colleges or universities
- Hope scholarship and Lifelong Learning (tuition tax credits)
- Financial aid related to verification through National Student Clearinghouse
- Workforce or unemployment data matching purposes
- Official transcripts for identification of official records

## STUDENT RIGHT TO PRIVACY (FERPA)

All student educational records are maintained according to the Family Educational Rights and Privacy Act of 1974 (FERPA) concerning the information, which becomes part of the student’s permanent record and governing the conditions of its disclosure. Students have the right to see their records and to request an amendment to those records.

Only directory information can be released without the student’s authorization. A student must sign a release in order to have any other information disclosed or to withhold all information. Education information may be released to other institutions that have requested the records and in which the student seeks or intends to enroll. Information may be released to a third party without student’s consent if an emergency situation exists or if information is requested officially by means of a subpoena, court order or legal report. Additionally, Congress requires

student information to be released to military recruiters if officially requested. **Directory information may include student’s name, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, the most recent previous educational agency or institution attended by the student, and other similar information.**

## TRANSCRIPTS

A transcript of your permanent record of grades is maintained in the Enrollment Services office and is available to you by written request only. An official transcript of grades will be sent to any high school, college, university or other agency upon the student’s request. To have a transcript sent, you must complete and submit a transcript request form to the Enrollment Services office. Processing takes two business days contingent upon completion of current quarter’s grading. Total number of transcripts exceeding 5 copies will be subject to a charge.

A “hold” may be placed upon your records for financial obligations to the college. Holds on permanent records must be cleared by the student before transcripts will be released.

Transcripts covering previous secondary or college education that are submitted to Green River as part of the admissions/records process become part of your official file. They cannot be returned to you or forwarded to a third party. If you want a transcript of work completed elsewhere, you must order a transcript from the appropriate institution. Green River does not issue or certify copies of transcripts from other institutions.

### How do I get a copy of my transcript?

- Students can fill out a transcript request form at the Enrollment Services window to pick up an official copy of their transcript, allowing two business days for processing. Picture ID required.
- Students can send a letter requesting a transcript which includes student name, student identification number, student’s signature, birth date, and the approximate date when they last attended Green River.
- Students may print unofficial copies of their transcript at our Web site at [www.greenriver.edu/online](http://www.greenriver.edu/online) or request a copy from Enrollment Services. Picture ID required.

## ACADEMIC POLICIES

### ACADEMIC STANDARDS & PROGRESS POLICY

Every student who enrolls at Green River Community College becomes a partner with the college and the state of Washington with shared responsibilities for student progress and goal completion. As part of our responsibility to each student and to the state that helps to fund each student’s college education, Green River has established expectations of student progress and academic performance.

The College monitors student progress and academic performance and intervenes when expectations are not being met. In such cases, the College may determine that a student is not benefiting from continued enrollment and may take steps to limit or deny future enrollment.

## Getting Started

ADVANCED PLACEMENT – GENERAL EXAMINATIONS				
Exam Name	Minimum Score	GRCC Course	Distr	Comment
Art 2D Design	4	Art 109–Beginning Design	Hu	GRCC department faculty will review student AP portfolio for acceptance of credit. An additional portfolio of 5 abstract artworks plus an essay evaluating design principles of an artwork is recommended.
Art 3D Design	4	Art 110–Design and Color	Hu	GRCC art faculty reviews student AP portfolio.
Art History	5	Not available	Elective only	
Art Studio (Drawing)	4	Art 105–Beginning Drawing	Hu	GRCC department faculty will review student AP portfolio for acceptance of credit.

### ADDITIONAL MATHEMATICS NOTE:

The Mathematics Division can award Advanced Placement credits. If students are placed by the Mathematics Division at a level higher than the College Board Placement, they may receive additional credits. If students have not taken the AP Calculus test, but have done college-level work in high school and are placed by the Mathematics Division into either Math 125 or 126, they may receive additional credits.

If students' first mathematics course is Math 125, they will earn credit for Math 124. If students' first mathematics course is Math 126, they will earn credit for both Math 124 and 125. Students may apply through the Mathematics Division and receive Advanced Placement credits by challenging the course and paying the appropriate fees.

## ARTICULATION AGREEMENTS

Green River recognizes that quality education takes place in other learning institutions. In realization of this, Green River Community College has signed articulation agreements with area high schools as well as other institution of higher learning. Articulation agreements are agreements by which credits taken at a particular institution are accepted automatically at another, allowing that all requirements of the agreement have been met.

### Transfer Institution Agreements

GRCC has been working with several four-year institutions, both in the state of Washington and bordering states such as California, Oregon, Idaho and Montana. These agreements are designed to provide a smooth transition from GRCC into specific college departments. The agreement between GRCC and the other colleges identify specific courses that if taken will be allowed for automatic credit at the other institution. In doing so, we are enabling students to, for the most part, transfer directly into their majors. Contact your GRCC program advisor for agreements in your area of study.

### High School Agreements

GRCC recognizes that quality education takes place in area high schools and has signed articulation agreements with many schools to grant college credit to students earning a grade of a B (3.0) or higher in their high school professional technical courses. Credits are posted to transcripts during the summer following the school year in which they were earned.

To qualify, students must meet specific requirements established by the college and high school instructors and apply for credit through their high school and pay associated fees. Further agreements between high schools and additional professional technical programs are being developed.

Students can contact their high school counselor or the GRCC Tech Prep office for more details.

### Professional Technical Tech Prep

Tech Prep is a course of study that combines academic and professional technical instruction in the high school setting, and then directly applies those high school credits to a specific community or technical college program.

The South King County Tech Prep Consortium has developed articulation agreements between area school districts and 3 local colleges: Green River Community College, Highline Community College and Renton Technical College. Tech Prep articulation agreements allow high school students to earn both high school and community/technical college credit through the "Direct Credit" Program.

## COLLEGE LEVEL EXAMINATION PROGRAM (CLEP)

(253) 833-9111, ext. 2650

Green River recognizes that many students learn traditional college course content in non-traditional ways. To accommodate those students who seek traditional credit for informal learning experiences by taking the CLEP Examinations, the college has established criteria and procedures for granting credit for the CLEP exams. In all cases, the division responsible for the instruction of the specific course will evaluate each examination and recommend to the registrar whether or not credit will be awarded for a specific class.

Please consult Enrollment Services or the Assessment and Testing Center for more information on the tests, credit possibilities, criteria, and procedures.

## MILITARY SERVICE SCHOOL CREDITS

Credits for military personnel's military school and experiences are granted according to the publications of the American Council on Education. Current editions are on file with the credentials evaluators in the Enrollment Services Office.

**Note:** *Some four-year schools will not accept military credits.*

\*Please note that GRCC will accept military basic training experience to satisfy the one-credit physical education activity requirement providing basic training was completed within the last ten years. GRCC will also accept four years of military service to satisfy two credits of the physical education fitness/wellness requirement providing that four (4) or more years of military service was completed within the last ten years.

### Procedure

1. Students should submit official copies of their CCAF, SMART or AART, certified copy of their transcripts or a copy of their DD 214 to the Enrollment Services office with a request for transcript evaluation form.
2. The credential evaluator will review the record and evaluate military credit into Green River course numbers and credit values.
3. The student will receive a copy of the results and a copy will be maintained in the student's file.
4. Credits will be posted to the "Transfer Credit" portion of the transcript upon graduation only.

## AUDITING A CLASS

Students may audit a class by enrolling for information only (no credit given) and attending class regularly. Students must declare their intention to audit at the time of registration. Auditing does not affect the grade point average (GPA). Auditors must pay regular tuition and fees.

## CHANGE OF PROGRAM

Students planning to change their professional technical program or their intended major (if transferring to a college or university), must do the following:

- Obtain a Change of Advisor/Program Request form from Enrollment Services.
- With the assistance of a faculty advisor or an educational planner, fill out the Change of Advisor/Program Request form and obtain the signature of the new advisor.

A list of faculty advisors with their departments, extensions and office locations is available in the Career and Advising Center.

### COMMON COURSE NUMBERING

The purpose of the common course numbering project is to make course transfer between the 34 community and technical colleges in Washington as easy as possible for students, advisors and receiving institutions.

The project to commonly number community and technical college courses was directed by the presidents of the Washington community and technical colleges with leadership from the Washington State Instruction and Student Services Commissions and support from the State Board for Community and Technical College's staff. The project's scope was limited to academic transfer courses.

The community and technical colleges in Washington state will complete implementation of the Common Course Numbering System by Fall Quarter 2009. (See list of GRCC common course numbers on pages 19-20.)

### GRADING SYSTEM AND POLICY

#### Grades

Under Green River's numerical grading system, instructors may report grades from 4.0 to 0.0 in 0.1 increments.

A	4.0–3.9
A–	3.6
B+	3.3
B	3.0
B–	2.7
C+	2.3
C	2.0
C–	1.7
D+	1.3
D	1.0
D–	0.7      Lowest passing grade
F	0.0–0.6      Failure or unofficial withdrawal—no credit given

#### Additional Grade Designations:

- I Incomplete.** An instructor may record a student's work as incomplete when the student has been delayed in completing the required work for a good reason. Work may be completed according to a signed agreement between the instructor and student. A copy of this agreement is kept with the instructor. Incompletes not made up remain permanently on the record and does not affect GPA. Student has four quarters (or less, if instructor indicates) to finish incomplete grades.
- N Audit.** Indicates the student enrolled for information only (no credit given) and attended class regularly. "N" does not affect GPA.
- NC No Credit.** Indicates the student petitioned the registrar for a P/NC grade (prior to the end of the eighth week of the quarter) and earned a decimal grade lower than 1.5.

- P Pass.** Indicates the student petitioned the registrar for a P/NC grade (prior to the end of the eighth week of the quarter) and earned a decimal grade equal to or greater than 1.5, or the class is offered on a pass/no credit basis.
- S Satisfactory.** Indicates the student is making satisfactory progress but has not completed all the competencies for a given level of instruction. No credit is awarded. The S grade may be used only for BASIC and ESOL classes numbered under 100. Courses with "S" grade designators cannot be applied toward any degree or certificate program. Courses with "S" grades indicate "work in progress" and do not denote course completion.
- W Official Withdrawal.** Indicates the **student initiated** an official withdrawal from class and submitted the proper paperwork to the Registrar's office. See "Withdrawal From Classes" and other appropriate sections. "W" does not affect GPA.

#### Grading Symbols

These symbols may also be used on grade reports or transcripts:

- \* Missing Grade.** No grade assignment given. Student must contact instructor.
- R Repeat.** The symbol "R" after a grade indicates the student later repeated the class. The grade/credit from this class does not affect GPA.
- Y Work in Progress.** The class is in progress at grading time.

Students should contact the instructor regarding questions about the particular grades earned.

#### Grades, Obtaining

Students may request an unofficial copy of their transcript, which includes all the classes the student has taken at Green River and the grades earned. Unofficial transcripts can also be printed from the Web at [www.greenriver.edu/online](http://www.greenriver.edu/online), then "Unofficial Transcript."

#### Grading Policy

Grade changes are valid only for courses in which students were OFFICIALLY registered.

Approved grade changes will be accepted for up to four (4) quarters following the quarter in which the original grade was assigned.

Grade changes are not valid for W or N grades.

Grade changes are to be signed by the "instructor of record" or, if the instructor cannot come to campus, by the division chairperson or instructional dean.

#### Pass/No-Credit Policy (P/NC)

To declare an intention to be graded pass/no-credit, the student must file a petition with the registrar no later than the end of the eighth week of the quarter. For students who qualify, the registrar will convert the decimal grade submitted by the instructor either to credit (P) or to no credit (NC). This petition is a contract and is not rescindable.

No more than 25% of the required credits may be graded “Pass” to satisfy requirements for the Associate in Arts, Associate in Business, Associate in Elementary Education, Associate in Applied Science-Transfer, Associate in Math Education, Associate in Pre-Nursing, Associate in Science-Transfer, Associate Development, Associate in Applied Arts, Associate Pre-Professional degrees.

Courses with “Pass” grades may not satisfy the transfer requirements of a student’s major field. Students are urged to consult the catalog of the four-year institution to which they plan to transfer.

### Repeating a Course

Students may not repeat a course for which they have earned credit except when such a repeat is necessary to satisfy a requirement for improving academic or skill progress (grades). If deemed necessary to repeat, students may only do so twice. (This is defined as two repeats in addition to the original enrollment.) The Health Science and Family Studies Division has more restrictive policies regarding repetition of classes. See program advisor for specific information.

### Credit by Challenge

Students may enroll for credit by challenge in a course with the instructor’s approval if:

- Student believes he or she has achieved the required knowledge or skills necessary to receive credit without regularly attending the class sessions; and
- Student is eligible to take the course.

Courses offered by the college but not appearing in the quarterly class schedule may be challenged by requesting that the course be added to the schedule for “credit by challenge” purposes. Students who wish to challenge a course must:

- Consult with the instructor of the class they wish to challenge; and
- Pay regular tuition and fees.

All procedures for the granting of credit by challenge, other than those related to the registration process, are determined by the appropriate instructor and approved division procedures.

### Withdrawal Policy

Students may withdraw from the college or from classes until the last instructional day of the eighth week of the quarter during fall, winter, and spring. For summer, see the quarterly class schedule for withdrawal dates.

## RECIPROCITY AGREEMENT POLICY

Washington community and technical colleges (CTCs) offer reciprocity to students transferring within the CTC system who are pursuing the Direct Transfer Agreement (DTA) degree or the Associate in Science–Transfer (AS-T) degree. Students who completed an individual course that met distribution degree requirements or fulfilled entire areas of their degree requirements at one college will be considered to have met those same requirements if they plan to complete the same degree when they transfer to another community or technical college in Washington. These degree requirements include Communication Skills, Quantitative Skills, or one or more Distribution Area requirements. Students must initiate the review process and must be prepared to provide the necessary documentation. For complete information go to our Web site [www.greenriver.edu](http://www.greenriver.edu).

## STUDENT LEARNING OUTCOMES

Green River Community College is committed to the continuous improvement of teaching and learning. In order to assess the effectiveness of its instructional programs, the college evaluates student achievement of published learning outcomes. Although the learning outcomes vary from program to program, all students completing a degree are expected to demonstrate proficiency of four campus-wide outcomes: written communication, critical thinking, responsibility, and quantitative and symbolic reasoning. Additionally, students planning to transfer to a four-year institution are expected to be proficient in oral communication and students completing applied degree programs (AAA, AAS, and AD) are expected to be proficient in human relations as measured against learning outcomes defined on the following pages.

### Campus-Wide Learning Outcome Competencies

Student achievement of learning outcomes is measured by student proficiency in the competencies (tasks) indicated below.

#### Written Communication

Written Communication encompasses all the abilities necessary for effective expression of thoughts, feelings, and ideas in written form. This outcome includes abilities designed to help students:

- demonstrate use of a writing process.
- demonstrate a clear sense of purpose, focus, thesis, and design in writing.
- demonstrate the ability to develop an idea through the use of concrete examples and specific details.
- demonstrate audience awareness by appropriately modifying writing.
- demonstrate appropriate methods of integrating and documenting outside sources.
- demonstrate ability to use common tools of information research.
- demonstrate clear organization of thoughts in coherent written form.
- demonstrate appropriate choice of format, style, and tone for each particular writing assignment.
- use appropriate mechanics, grammar, and word usage based on American Standard Written English.
- improve the ability to evaluate, revise, edit, and proofread individual work and the work of others.

#### Critical Thinking

Critical thinking finds expression in all disciplines and everyday life. It is characterized by an ability to reflect upon thinking patterns, including the role of emotions on thoughts, and to rigorously assess the quality of thought through its work products. Critical thinkers routinely evaluate thinking processes and alter them, as necessary, to facilitate an improvement in their thinking and potentially foster certain dispositions or intellectual traits over time. This outcome includes abilities designed to help students:

- apply relevant criteria and standards when evaluating information, claims, and arguments.
- use appropriate reasoning to evaluate problems, make decisions, and formulate solutions.

## Getting Started

- give reasons for conclusions, assumptions, beliefs, and hypotheses.
- seek out new information to evaluate and re-evaluate conclusions, assumptions, beliefs, and hypotheses.
- exhibit traits evidencing the disposition to reflect, assess, and improve thinking or products of thinking.

### Responsibility

Responsibility encompasses those behaviors and dispositions necessary for students to be effective members of a community. This outcome is designed to help students recognize the value of a commitment to those responsibilities which will enable them to work successfully individually and with others. This outcome includes abilities designed to help students:

- identify and comply with clearly stated expectations, policies, and procedures.
- appropriately question or change stated expectations, policies, and procedures.
- recognize and accept consequences resulting from a failure to comply with stated expectations, policies, and procedures.
- meet obligations necessary to complete individual and group tasks.
- clearly communicate to affected parties any difficulties that may prevent them from fulfilling obligations.
- demonstrate common courtesies and show respect for the needs, difficulties, and rights of others.
- strive for excellence in contributions, performances, and products.
- complete work independently and appropriately acknowledge the source of ideas and contributions of others.

### Quantitative and Symbolic Reasoning

Quantitative Reasoning encompasses abilities necessary for a student to become literate in today's technological world. Quantitative reasoning begins with basic skills and extends to problem solving. This outcome includes abilities designed to help students:

- evaluate and interpret quantitative and symbolic reasoning information/data.
- recognize which quantitative or symbolic reasoning methods are appropriate for solving a given problem, and correctly implement those methods.
- demonstrate the ability to estimate a solution to a presented problem.
- translate data into various formats such as symbolic language, equations, graphs, and formulas.
- implement calculator/computer technology to solve problems.
- demonstrate logical reasoning skills through formal and informal proofs.

### Transfer Degree Learning Outcome Competencies

In addition to the campus-wide outcomes, students completing a transfer degree (AA, AB, AE, AM, A-PreNurse, AAS-T, AS-T, AP-P) need to demonstrate proficiency in oral communication.

### Oral Communication

Oral Communication encompasses all the abilities necessary for effective expression of thoughts, feelings, and ideas in oral form. This outcome is concerned with helping students:

- identify the role oral communication plays in academic, social, and professional endeavors.
- demonstrate increased confidence in oral communication skills.
- listen carefully and respond to questions appropriately.
- modify verbal and nonverbal communication appropriately given the purpose and the context of the communication.
- plan, prepare, and deliver a well-organized, logical oral presentation that demonstrates critical thinking skills.
- use appropriate presentation techniques (e.g. maintain eye contact, modulate voice, avoid distracting mannerisms, etc.).
- employ appropriate discussion, negotiation, conflict resolution, and cooperation skills to work with people from a variety of experiences and backgrounds and to promote learning in class activities and group work.

### Applied Degree Learning Outcome Competencies

Students completing an applied degree (AAA, AAS, AD) need to demonstrate skill proficiency in the areas of communication, computation, and human relations. The campus-wide outcomes of written communication and quantitative and symbolic reasoning address the first two skill areas. The following outcome addresses the area of human relations.

#### Human Relations (AAA, AAS, AD)

- Demonstrate responsibility
- Demonstrate self-worth
- Demonstrate sociability in groups
- Demonstrate self management
- Demonstrate integrity/honesty
- Participate as team member
- Teach/help others
- Exhibit leadership
- Negotiate agreements
- Appreciate and work with diverse groups

### Learning Outcomes for Certificates of 45 Credits or More

Students completing certificates of 45 credits or more need to demonstrate proficiency in three areas: communication (written and/or oral), computation, and human relations.

### Desired Results

GRCC believes that students who are proficient in these learning outcomes, in addition to achieving competency in their subject areas, are more likely to achieve success in the workplace and in future educational endeavors. Consequently, instructors at GRCC seek to integrate applicable learning outcomes into course and program requirements. Class syllabi typically identify which learning outcomes the course supports and how the outcomes will be assessed. Students are encouraged to refer back to these learning outcomes frequently and self-assess their mastery of the outcomes.

## GRADUATION

(253) 833-9111, ext. 2514

When students are two quarters away from completing their educational program, they should submit an application for graduation to Enrollment Services.

Applications for graduation and detailed instructions are available at the Enrollment Services window on the second floor of Lindbloom Student Center. Students may also run a degree audit by accessing the Web at [www.greenriver.edu/online](http://www.greenriver.edu/online). To be eligible for graduation, students must have accomplished the following:

- Completed all admissions requirements;
- Earned a minimum grade point average of 2.0;
- Completed 24 credits at Green River (doesn't pertain to high school diploma or professional technical certificate candidates);
- Completed their last quarter at Green River;
- Filed an application for graduation with Enrollment Services;
- Completed all degree requirements as specified by the Green River catalog.

Students may graduate using the degree requirements in effect during their first quarter of enrollment at Green River Community College for up to six years. After six years, students need to meet the requirements listed in the current catalog. Students may petition the degree exception committee with proof of continuous enrollment to be exempt from this policy.

Each degree or certificate requires a separate application form.

Students may graduate at the end of any quarter.

## COMMENCEMENT

One commencement ceremony is held at the end of the academic year. Any student who has been approved for graduation during the year is eligible to participate in the June ceremony. Students who plan to complete their requirements during the following summer quarter may apply for graduation and participate in the ceremony. All diplomas and certificates will be mailed to students two or three months after the end of the quarter in which they have completed graduation.

## DEGREE EXCEPTION

In some cases, students may wish to appeal graduation requirements. All requests must be in writing (see the Enrollment Services Office for degree exception forms) and should be submitted to the Enrollment Services Office for action. The Degree Exception Committee meets approximately once a quarter. Written faculty and/or advisor approval is required prior to submitting your request to the committee.

## GRADUATION AWARDS

### Scholastic Awards

Scholastic awards celebrate student success by recognizing graduates who:

- Earn associate degrees in arts, business, math, science, applied arts and science, or pre-professional (academic transfer or professional technical programs only);
- Attain a minimum 3.9 grade point average (includes transfer credits and grades from all quarters except the spring quarter in which they may be graduating);
- Earn a minimum of 24 credits at GRCC, including the last quarter in residence; and
- Earn no more than 25% of the required credits on a pass/no-credit basis.

## Getting Started

### Division Awards

Each instructional division selects one outstanding graduate to receive a Division Award. The recipient is selected by a vote of divisional faculty members.

### Honors

Graduates who achieve outstanding grade point averages receive honor cords to wear at commencement and are recognized in the commencement program. These are awarded as follows:

Highest Honors	3.9 GPA
High Honors	3.7–3.89 GPA
Honors	3.5–3.69 GPA

Graduation honors are based on GRCC grades only. A minimum of 24 credits must be graded (not pass/non-credit). All levels of honors will be noted on the diploma and Green River transcript.

### International Academic and Leadership Award

The International Programs Award is presented to an international student who has demonstrated academic excellence and has made an outstanding contribution to international understanding on the campus.

### Leadership and Service Awards

A leadership or service award is presented to three students who have held a position of leadership or have contributed to a major service project on campus.

### Multicultural Award

The Multicultural Award is presented to a student who has demonstrated academic promise and has made an outstanding contribution to the on-campus multicultural population.

### President's Award

The President's Award is presented to a student who has exhibited professional promise and outstanding citizenship, personal qualities, and grade point average. The recipient is selected by a vote of faculty, administrators and staff.

# UNIVERSITY TRANSFER DEGREES AND CERTIFICATES

Green River Community College is fully accredited by the Northwest Association of Schools and of Colleges and Universities as well as by several discipline-related bodies. The College has completed numerous evaluation processes and has been recognized for performance, integrity and quality. This is important for students who plan to transfer credits to other colleges. Academic courses will usually be accepted by other institutions offering the same (or similar) courses. However, each institution has its own transfer policy and transferability should never be assumed. The Green River Transfer Center staff in the Career and Advising Center is able to answer most questions involving transfer of credits. The Transfer Center features a library of catalogs from four-year colleges, transfer guides, information about transfer policies and transfer requirements.

Students should be aware that courses with “Pass” grades may not satisfy the requirements in their major field. Each student is responsible for knowing transfer requirements and policies, and they are urged to consult the catalog of the institution for which they plan to transfer. Students should also consult that catalog when meeting with their Green River advisor.

Many transfer institutions are putting additional pressures on students to become more “major ready” by the time they apply for admissions. This means that students need to declare their majors earlier and carefully plan which courses will meet their distribution requirements as well as meet the requirements for a particular field of study. For example: students who wish to major in business will need to include additional math, economics and accounting sequences in their coursework.

Students are strongly encouraged to meet with their community college advisor as well as an advisor from their transfer institution to verify their choices.

In most cases, four-year institutions will accept 90 credits. Green River is a member of the Inter-College Relations Commission (ICRC), and Green River’s AA, AS, AB, AM, AE, A Pre-Nurse, and AAS-T degrees comply with ICRC recommendations for transfer degrees within the state of Washington.

The Inter-College Relations Commission for the state of Washington has developed a direct transfer agreement with Washington community colleges. This ensures that students who complete a designated direct transfer AA degree at a community college will have satisfied all or most of the general education (or core) requirements at the various four-year institutions in the state. For most AA and AS students, this means that students can begin work on their specialized, major-area course work as soon as they transfer.

For some college majors, students will need to meet more specific admissions requirements, and may want to pursue an Associate Pre-Professional degree. Working with a Green River advisor, an Associate Pre-Professional degree can be designed to meet specific transfer needs.

International students will need to contact an advisor in the International Programs office to help create an educational plan specific to their needs.

During the school year, representatives from various colleges and universities visit the campus to meet with students about transfer requirements. Watch for notices in campus publications, on Green River’s web site, or call the Transfer Center in Career and Advising Center.

## University Transfer

---

### **ASSOCIATE IN ARTS DEGREE**

#### **Direct Transfer Agreement (AA-DTA)**

#### **Minimum of 90 Credits**

The Associate in Arts degree is a direct transfer degree (DTA) designed for students who plan to transfer to a four-year institution after completing the first two years of study at Green River Community College. The degree is recommended for students who have not yet decided the field they will enter or the four-year institution they will attend. It gives students the broad background they need before beginning more specialized, upper-division courses and indicates that a student has completed a two-year liberal arts program.

Students who have a particular major in mind can focus their distribution choices and elective credits toward meeting their transfer institution plan. An advisor can assist with this process. Students should include some 200 level coursework in their program of study.

This degree meets the Inter-College Relations Commission (ICRC) guidelines for direct transfer degrees, an inter-institutional agreement adopted to facilitate student transfer between community colleges and baccalaureate institutions.

Once admitted to an institution subscribing to these guidelines, the degree holder will be granted junior status and will have fulfilled most of the lower-division general education requirements of baccalaureate degree programs offered by many public and independent colleges and universities in Washington State. The following colleges subscribe to these guidelines:

#### **Washington**

Bastyr University  
Central Washington University  
City University  
Cornish College of the Arts  
Eastern Washington University  
Evergreen State College  
Gonzaga University  
Heritage College  
Northwest College  
Pacific Lutheran University  
Saint Martin's University  
Seattle Pacific University  
Seattle University  
University of Washington (some restrictions apply)  
Washington State University  
Western Washington University  
Whitworth College

#### **Other States**

Oregon State University  
Capella University, California

Academic courses will usually be accepted by other institutions offering the same (or similar) courses. However, each institution has its own transfer policies and each student is responsible for knowing the transfer and admission requirements of the receiving institution. Students are urged to consult with their advisor and a representative from the college they plan to attend after Green River.

To earn this degree, students must complete 90-quarter credits in courses numbered 100 or above (from approved list on next page) and meet specific distribution requirements. No more than 25% of credit requirements may be taken on a pass/no credit basis. Students should be aware that courses with "Pass" grades may not satisfy the requirements in their major field. Each student is responsible for knowing transfer requirements and policies, and they are urged to consult the catalog of the institution for which they plan to transfer. Students must attain a cumulative grade point average of 2.0, and earn a minimum of 24 credits, including the last quarter in residence, at Green River Community College.

## Associate in Arts Degree Direct Transfer Agreement (AA-DTA) Minimum of 90 Credits

### 1. BASIC SKILLS (15 credits)

Any course used to satisfy **Basic Skills** distribution may not be used to satisfy any other portion of the Associate in Arts degree requirements.

#### A. Communications: 10 credits

*Courses in this area support the written communication learning outcome.*

**English 110** and one of the following:

**English 111, 112, or 113.**

#### B. Quantitative Skills: 5 credits (explained below)

*Courses in this area support the quantitative and symbolic reasoning learning outcome.*

1. Completion of Mathematics course for which Intermediate Algebra (Math 097) or higher is a prerequisite.

2. Completion of General Engineering 106, 112, 235, or 281.

3. Completion of Philosophy 120\*

\* If option 3 is chosen, the student must, in addition, satisfy one of the following before graduation:

a) Qualify for placement in Math 102 or above; or

b) Complete Intermediate Algebra (Math 097) with a grade of 2.0 or higher.

### 2. HUMANITIES/FINE ARTS/ENGLISH (15 credits)

(Minimum 15 credits from three **separate** areas.) No more than 5 credits in foreign language at the 100 level. No more than 5 credits in performance/skills courses (**all courses in bold type**) can be applied toward the Humanities/Fine Arts/English distribution.

**Art 100, 105, 106, 107, 109, 110, 111, 112, 113, 114, 115, 120, 130, 209, 210, 212, 213, 214, 251, 252, 253, 255, 256, 257**

Chinese 101, 102, 103, 111

Communication 101, 110, 212, 215, 234, 238, 245

**Dance 101, 102, 103, 204**

**Drama 102, 111, 112, 113, 120, 140, 141, 151, 152, 153**

**English 131, 132, 133, 135, 151, 152, 154, 160, 163, 165, 168, 180, 181, 183, 185, 187, 190, 221, 222, 223, 224, 225, 240, 244, 245, 246, 265, 266, 267, 268**

**French 101, 102, 103, 201**

German 101, 102, 103

Japanese 101, 102, 103

**Journalism 101, 150, 151, 152, 156, 201, 254**

**Music 100, 101, 103, 104, 105, 106, 107, 111, 112, 113, 114, 115, 116, 118, 119, 120, 124, 127, 128, 129, 130.1, 130.2, 130.3, 132, 133, 134, 218, 219, 220, 227, 228, 229, 230.1, 230.2, 230.3**

**Philosophy 100, 102, 103, 104, 105, 110, 112, 114, 115, 160, 200, 206, 210, 220, 236, 238, 240, 243**

**Photography 101, 102, 103, 104**

**Spanish 101, 102, 103, 110, 201, 202, 203**

### 3. SOCIAL SCIENCE (15 credits)

(Minimum 15 credits from three separate areas or minimum 15 credits from two separate areas with a 200-level course required within the two course emphasis)

**American Ethnic and Minority Studies 100, 215**

**Anthropology 100, 201, 202, 203, 204, 205, 206, 210, 215, 220, 265, 273, 274**

**Behavioral Science 200**

**Business Administration 101, 200, 205**

**Criminal Justice 100, 215**

**Economics 100, 101, 200, 201**

**Geography 100, 108, 120, 123, 190, 200, 205**

**History 101, 102, 103, 120, 122, 135, 200, 220, 221, 222, 224, 225, 226, 228, 230, 231, 232, 233, 235, 237, 240, 245, 250**

**Political Science 100, 201, 202, 203, 204, 207**

**Psychology 100, 200, 201, 209, 210, 220, 250**

**Social Science 160, 215**

**Sociology 110, 201, 215, 220, 230, 240, 245, 260**

### 4. NATURAL SCIENCE (15 credits)

(Minimum of 15 credits from at least two **separate** areas [except for completion of IDS 101, 102, and 103 sequence which will satisfy the full Natural Science and lab science requirement]). 10 credits must be chosen from List A, including a minimum of 5 credits from lab sciences (**courses designated in bold type**). The additional 5 credits may be taken from either List A or List B.

#### LIST A

**Anatomy-Physiology 100, 102, 103, 104, 205, 206, 210**

**Astronomy 100 or 101**

**Biology 100, 103, 110, 127, 201, 202, 203, 210**

**Chemistry 101, 102, 105, 140, 150, 160, 235, 236, 237**

**Environmental Science 204**

**Geology 101, 200, 206, 208**

**Interdisciplinary Science 101, 102, 103**

**Oceanography 101**

**Physics 101, 110, 111, 112, 150, 151, 152, 201, 202, 203, 208, 221**

#### LIST B

Anthropology 201

Computer Science 142, 143, 144, 145

Engineering (GE) 104, 106, 112, 140, 142, 143, 144, 240, 280, 281

Mathematics 102, 104, 106, 107, 124, 125, 126, 156, 157, 170, 171, 172, 210, 224, 235, 238, 240, 256

Philosophy 120, 215

### 5. ADDITIONAL CREDITS (15 credits)

A minimum of 15 total credits from courses listed in one or both of the following categories:

#### A. Distribution Courses

Courses in Humanities/Fine Arts/English, Social Science, or Natural Science categories listed above. There is no restriction on the number of required disciplines.

#### B. Generally Transferable Courses:

**Business Administration 210, 220, 230**

**Early Childhood Education 101**

**Education in Early Childhood Education 110 or 110.1 and 110.2**

**Education 170**

**Natural Resources 100**

### 6. LIFETIME FITNESS/WELLNESS/ACTIVITY (4-9 credits)

#### I. Lifetime Fitness/Wellness

(3 credits required)

One 2- or 3-credit course from List A is required.

#### LIST A:

**Physical Education 101, 102, 103, 111, 131, 149, 160, 165, 169**

One course from List B must be taken if a 2-credit class from List A has been chosen:

#### LIST B:

**Physical Education 101, 102, 103, 107, 108, 109, 110, 111, 112, 113, 114, 115, 117, 118, 119, 121, 122, 124, 125, 129, 131, 132, 134, 136, 137, 138, 139, 140, 141, 143, 144, 147, 148, 149, 150, 160, 165, 169, 193, 201, 202, 207, 210, 211, 212, 215, 216, 224, 231, 234, 236, 251, 253**

**No more than 3 credits total of physical education coursework (including your elective credits) may be applied to the AA degree.**

*Degree exceptions for fitness/wellness courses must include medical documentation submitted to Disability Support Services (DSS) and documentation to the Degree Exception Committee.*

### II. ACTIVITY (1-6 credits – must take one)

An activity is a fully instructed course of study that primarily involves developing proficiency in a performance- or product-based craft. Students will achieve learning primarily through physical activity and/or experience beyond traditional lecture/discussion format.

**Art 111, 114, 130**

**Biology 140**

**Business Education 111, 115**

**Business Management 103**

**Dance 101**

**Drama 111, 153**

**Early Childhood Education 103, 104, 175, 214, 215**

**Education 210**

**Education in Early Childhood 220, 221**

**Health Education 190**

**Industrial Education 101, 102.1 or 102.2 or 102.3, 103**

**Journalism 100.1, 110, 120, 200**

**Music 118, 124, 127, 130.1, 132**

**Photography 101**

**Spanish 115**

**Technology 100**

### 7. ELECTIVES (6-11 credits)

All courses numbered 100 or above, with the exception of Basic Skills and Physical Education, may be taken as electives. Courses should include preparation for a major and/or general interest/leisure-time activity.

### 8. TRANSFERABILITY OF CREDITS

Green River Community College is fully accredited. Academic courses will usually be accepted by other institutions offering the same (or similar) courses. However, each institution has its own transfer policies and each student is responsible for knowing the transfer and admission requirements of the receiving institution. Students are urged to consult with their advisor and a representative from the college they plan to attend after Green River.

To receive this information in an alternative format, please contact Disability Support Services at: [DSS@greenriver.edu](mailto:DSS@greenriver.edu), (253) 833-9111, ext. 2631 or TTY at (253) 288-3359. LC-272.

## University Transfer

### ASSOCIATE IN BUSINESS DEGREE

#### Direct Transfer Agreement—Major Related Program (AB-DTA/MRP)

##### Minimum of 90 Credits

The Associate in Business degree is generally pursued by students who plan to transfer to a four-year university as a business major after completing their first two years at Green River. It is designed to meet the distribution requirements at four-year institutions in Washington state, by fulfilling the general requirements taken by freshman and sophomores. The degree also indicates that a student has completed a 2-year business program, which may be of value in career or lifetime goals.

To earn this degree, students must complete 90-quarter credits in courses numbered 100 or above (from approved distribution list below) and meet specific distribution requirements. No more than 25% of credit requirements may be taken on a pass/no-credit basis. Students should be aware that courses with "Pass" grades may not satisfy the requirements in their major field. Each student is responsible for knowing the transfer requirements and policies, and they are urged to consult the catalog of the institution to which they plan to transfer. Students must attain a cumulative grade point average of 2.0, and earn a minimum of 24 credits, including the last quarter in residence, at Green River Community College.

#### Associate in Business Degree Direct Transfer Agreement—Major Related Program (AB-DTA/MRP) Minimum of 90 Credits

##### 1. BASIC SKILLS (15 credits)

Any course used to satisfy **Basic Skills** distribution may not be used to satisfy any other portion of the Associate in Business degree requirements.

###### A. Communications: (10 credits)

*Courses in this area support the written communication learning outcome.*

**English 110** **and** one of the following:

**English 111, 112, or 113**

###### B. Quantitative Skills: (5 credits)

*Courses in this area support the quantitative and symbolic reasoning learning outcome.*

**Mathematics 124 or 157**

##### 2. HUMANITIES/FINE ARTS/ENGLISH (15 credits)

(Minimum 15 credits from three **separate** areas.)  
**No more than 5 credits in foreign language** at the 100 level. **No more than 5 credits of performance/skills classes (all course numbers in bold type)** may be applied to the Humanities/Fine Arts/English distribution.

**Art 100, 105, 106, 107, 109, 110, 111, 112, 113, 114, 115, 120, 130, 209, 210, 212, 213, 214, 251, 252, 253, 255, 256, 257**

**Chinese 101, 102, 103, 111**

**Communication 101, 110, 212, 215, 234, 238, 245**

**Dance 101, 102, 103, 204**

**Drama 102, 111, 112, 113, 120, 140, 141, 151, 152, 153**

**English 131, 132, 133, 135, 151, 152, 154, 160, 163, 165, 168, 180, 181, 183, 185, 187, 190, 221, 222, 223, 224, 225, 240, 244, 245, 246, 265, 266, 267, 268**

**French 101, 102, 103, 201**

**German 101, 102, 103**

**Humanities 100, 110, 133, 160, 186, 190, 191, 224**

**Japanese 101, 102, 103**

**Journalism 101, 150, 151, 152, 156, 201, 254**

**Music 100, 101, 103, 104, 105, 106, 107, 111, 112, 113, 114, 115, 116, 118, 119, 120, 124, 127, 128,**

**129, 130.1, 130.2, 130.3, 132, 133, 134, 218,**

CUR4 081104

## ASSOCIATE IN ELEMENTARY EDUCATION

### Direct Transfer Agreement – Major Related Program (DTA-MRP)

#### 93-94 Credits

The Associate in Elementary Education degree is intended for all future elementary teachers. It provides a broad foundation in liberal arts and beginning coursework in teacher education that is needed upon transfer to most teacher certification programs at colleges/universities. It is designed to provide early experiences in teacher education, including opportunities for hands-on work in local classrooms and specific courses for elementary teachers.

### Associate in Elementary Education Direct Transfer Agreement-Major Related Program (DTA-MRP) 93-94 Credits

#### 1. GENERAL REQUIREMENTS (25 credits)

##### A. Communications: (10 credits)

*Courses in this area support the written communication learning outcome.*

English 110 **and** one of the following

English 111 **or** 112.

##### B. Quantitative Skills/ Symbolic Reasoning Skills: (15 credits)

*Courses in this area support the quantitative and symbolic reasoning learning outcome.*

Mathematics 170, 171 **and** 172

#### 2. HUMANITIES/FINE ARTS/ENGLISH (15 credits)

(Minimum 15 credits from three **separate** areas.)

**No more than 5 credits** of performance/skills classes (**all course numbers in bold type**) may be applied to the Humanities/Fine Arts/English distribution.

##### A. Communication 101

## University Transfer

### ASSOCIATE IN MATH EDUCATION

#### Direct Transfer Agreement (AM-DTA)

#### Minimum of 90 Credits

The Associate in Math Education degree was created to aid students interested in careers as secondary math or science teachers. Future secondary teachers must pursue a major in their field as well as entrance into a school of education. As a result, there is little room for electives.

This degree is intended to insure that graduates of Green River are as well prepared as their counterparts at four-year colleges. The transferability of these degrees is backed by a statewide articulation agreement with teacher-training universities. In addition, the Associate in Math Education (DTA) is accepted by public baccalaureate institutions in the state of Washington under the Direct Transfer Agreement. It will

#### Associate in Math Education Direct Transfer Agreement (AM-DTA) Minimum of 90 Credits

##### 1. BASIC SKILLS (15 credits)

Any course used to satisfy **Basic Skills** distribution may not be used to satisfy any other portion of the Associate in Math Education degree requirements.

##### 2. HUMANITIES/FINE ARTS/ENGLISH (15 credits)

No more than 10 credits allowed from any one discipline.

###### A. Communication 101

**B.** No more than 5 credits allowed from any one discipline. No more than 5 credits in foreign language at the 100 level. No more than 5 credits in performance/skills courses (**all courses in bold type**) can be applied towards Humanities/Fine Arts/English distribution.

**Art** 100, **105, 106, 107, 109, 110, 111, 112, 113, 114, 115, 120, 130, 209, 210, 212, 213, 214, 251, 252, 253, 255, 256, 257**

**Chinese** 101, 102, 103, 111

**Communication** 110, 212, 215, 234, 238, 245

**Dance** 101, **102, 103, 204**

**Drama** 102, **111, 112, 113, 120, 140, 141, 151, 152, 153**

**English** 131, 132, 133, 135, 151, 152, 154, 160, 163, 165, 168, 180, 181, 183, 185, 187, 190, 221, 222, 223, 224, 225, 240, 244, 245, 246, 265, 266, 267, 268

**French** 101, 102, 103, 201

**German** 101, 102, 103

**Humanities** 100, 110, 133, 160, 186, 190, 191, 224

**Japanese** 101, 102, 103

**Journalism** 101, 150, 151, 152, 156, 201, 254

**Music** 100, 101, 103, 104, 105, 106, 107, 111, 112, 113, **114, 115, 116, 118, 119, 120, 124, 127, 128, 129, 130.1, 130.2, 130.3, 132, 133, 134, 218, 219, 220, 227, 228, 229, 230.1, 230.2, 230.3**

**Philosophy** 100, 102, 103, 104, 105, 110, 112, 114, 115, 160, 200, 206, 210, 220, 236, 238, 240, 243

**Photography** **101, 102, 103, 104**

**Spanish** 101, 102, 103, 110, 201, 202, 203

##### 3. SOCIAL SCIENCE (Minimum 15 credits)

No more than 10 credits from any one discipline.

###### A. Psychology 100

###### B. A minimum of 5 credits from the following:

**American Ethnic & Minority Studies** 100

**Anthropology** 202

###### C. A minimum of 5 credits from the following:

**Anthropology** 100, 201, 203, 204, 205, 206, 210, 215, 220, 265, 273, 274

**Economics** 100, 101, 200, 201

**History** 101, 102, 103, 120, 122, 135, 200, 220, 221, 222, 224, 225, 226, 228, 230, 231, 232, 233, 235, 237, 240, 245, 250

**Political Science** 100, 201, 202, 203, 204, 207

**Psychology** 200, 201, 209, 210, 220, 250

**Social Science** 160, 215

**Sociology** 110, 201, 215, 220, 230, 240, 245, 260

##### 4. NATURAL SCIENCES (15 credits)

No more than 10 credits allowed from any one discipline.

###### A. Mathematics 125

**B.** A minimum of 10 credits from the following list with 5 credits from the lab sciences (**courses designated in bold type**) must be included.

**Astronomy** 101

**Biology** **100, 103, 110, 127, 201, 202, 203, 210**

fulfill the general education requirements at the public Washington state transfer institution.

Apart from the requirements embedded within the degree, students should check specific requirements of their intended transfer schools. This is especially true in the area of field experience, since teacher certification institutions vary in terms of the quality and quantity of experience required.

To earn this degree, students must complete 90-quarter credits in courses numbered 100 or above (from approved distribution list below) and meet specific distribution requirements. No more than 25% of credit requirements may be taken on a pass/no-credit basis. Students should be aware that courses with "Pass" grades may not satisfy the requirements in their major field. Each student is responsible for knowing the transfer requirements and policies, and they are urged to consult the catalog of the institution to which they plan to transfer. Students must attain a cumulative grade point average of 2.0 and earn a minimum of 24 credits, including the last quarter in residence, at Green River Community College.

**Chemistry** **101, 102, 105, 140, 150, 160, 235, 236, 237**

**Geology** **101, 200, 206, 208**

**Physics** **101, 110, 111, 112, 150, 151, 152, 201, 202, 203, 208, 221**

##### 5. ADDITIONAL COURSES (25-26 credits)

**Education** 170

**Health Education** 190

**Mathematics** 126, 224 **and** 240

**Lifetime Fitness/Wellness (2-3 credits)**

**Physical Education** 101, 102, 103, 111, 131, 149, 160, 165, 169

*No more than 3 credits total of physical education coursework (including your elective credits) may be applied to the AM-DTA degree.*

*Degree exceptions for fitness/wellness courses must include medical documentation submitted to Disability Support Services (DSS) and documentation to the Degree Exception Committee.*

##### 6. ELECTIVES (4-5 credits)

All courses listed previously except Basic Skills and Physical Education may be taken as electives. In addition, classes numbered 100 or above may be taken as electives. Courses should include preparation for major and/or general interest/leisure-time activities. (Consult your transfer institution).

##### 7. TRANSFERABILITY OF CREDITS

Green River Community College is fully accredited. Academic courses will usually be accepted by other institutions offering the same (or similar) courses. However, each institution has its own transfer policies and each student is responsible for knowing the transfer and admission requirements of the receiving institution. Students are urged to consult with their advisor and a representative from the college they plan to attend after Green River.

## University Transfer

### ASSOCIATE IN SCIENCE TRANSFER DEGREE

#### (AS-T Option 1)

#### Minimum of 90 Credits

The Associate in Science transfer degree Option 1 encompasses general education courses required of first and second year students and is intended to prepare students planning to transfer to a four-year institution in the science-related fields. It will give students the broad background needed before beginning more specialized, upper-division courses. The Associate in Science transfer degree Option 1 curriculum is not intended to fulfill General Education/University (GER/GUR) requirements, but rather to prepare prospective transfer science

students to enter the state universities with junior standing, not only in credits but with major/program preparation as well.

To earn this degree, you must complete 90-quarter credits in courses numbered 100 or above (from approved Associate in Science transfer degree Option 1 distribution list) and meet specific distribution requirements. No more than 20 credits may be taken on a pass/no credit basis. Students should be aware that courses with "Pass" grades may not satisfy the requirements in their major field. Each student is responsible for knowing the transfer requirements and policies, and they are urged to consult the catalog of the institution for which they plan to transfer. You must attain a cumulative grade point average of 2.0, and earn a minimum of 24 credits, including the last quarter in residence, at Green River Community College. You should include some 200-level classes in your course of study.

### Associate in Science-Transfer Degree (AS-T Option 1) Minimum of 90 Credits

### Biology, Environmental Science, Chemistry, Geology, and Earth Science

#### 1. GENERAL REQUIREMENTS (20 credits)

##### A. Communications: (5 credits)

*Courses in this area support the written communication learning outcome.*

**English** 110 (5 credits)

*After consultation with a science advisor, five additional credits are recommended from the following:*

**English** 111, 112 **or** 113

##### B. Quantitative Skills: (15 credits)

*Courses in this area support the quantitative and symbolic reasoning learning outcome.*

**Mathematics** 124, 125, 126 **or** 256

#### 2. HUMANITIES/FINE ARTS/ENGLISH AND SOCIAL SCIENCE (15 credits)

Select 15 credits of humanities/fine arts/English and social science with at least five credits taken from each. Three different subjects required.

##### A. Humanities/Fine Arts/English

A minimum of 5 credits from the following:

*No more than 5 credits in foreign*

*language at the 100 level. **No more than 5 credits** in performance or skills courses (**all courses in bold type**) may be applied to the Humanities/Fine Arts/English distribution.*

**Art** 100, **105, 106, 107, 109, 110, 111, 112, 113, 114, 115, 120, 130, 209, 210, 212, 213, 214, 251, 252, 253, 255, 256, 257**

**Chinese** 101, 102, 103, 111

**Communication** 101, 110, 212, 215, 234, 238, 245

**Dance** 101, 102, 103, 204

**Drama** 102, 111, 112, 113, 120, 140, 141, 151, 152, 153

**English** 131, 132, 133, 135, 151, 152, 154, 160, 163, 165, 168, 180, 181, 183, 185, 187, 190, 221, 222, 223, 224, 225, 240, 244, 245, 246, 265, 266, 267, 268

**French** 101, 102, 103, 201

**German** 101, 102, 103

**Humanities** 100, 110, 133, 160, 186, 190, 191, 224

**Japanese** 101, 102, 103

**Journalism** 101, 150, 151, 152, 156, 201, 254

**Music** 100, 101, 103, 104, 105, 106, 107, 111,

112, 113, **114, 115, 116, 118, 119, 120, 124,**

**127, 128, 129, 130.1, 130.2, 130.3, 132, 133,**

**134, 218, 219, 220, 227, 228, 229, 230.1,**

**230.2, 230.3**

**Philosophy** 100, 102, 103, 104, 105, 110, 112,

114, 115, 160, 200, 206, 210, 220, 236, 238,

240, 243

**Photography** 101, 102, 103, 104

**Spanish** 101, 102, 103, 110, 201, 202, 203

#### B. SOCIAL SCIENCE

A minimum of 5 credits from the following:

**American Ethnic & Minority Studies** 100, 215

**Anthropology** 100, 201, 202, 203, 204, 205,

206, 210, 215, 220, 265, 273, 274

**Behavioral Science** 200

**Business Administration** 101, 200, 205

**Criminal Justice** 100, 215

**Economics** 100, 101, 200, 201

**Geography** 100, 108, 120, 123, 190, 200, 205

**History** 101, 102, 103, 120, 122, 135, 200, 220,

221, 222, 224, 225, 226, 228, 230, 231, 232,

233, 235, 237, 240, 245, 250

**Political Science** 100, 201, 202, 203, 204, 207

**Psychology** 100, 200, 201, 209, 210, 220, 250

**Social Science** 160, 215

**Sociology** 110, 201, 215, 220, 230, 240, 245,

260

#### 3. SPECIFIC REQUIREMENTS (50 credits)

Class selection depends on the student's area of study.

After consultation with a science advisor, a total of 50 credits are required from the following list:

##### A. Chemistry 140, 150, **and** 160 (18 credits)

*(**Chemistry 235, 236 and 237** may be substituted with prior consultation with a science/engineering advisor.)*

**B.** Select 15-18 credits to be taken in sequence order from the following:

1. **Biology** 201, 202 **and** 203 **or**

2. **Physics** 110, 111 **and** 112 **or**

3. **Physics** 201, 202 **and** 203

##### C. Natural Science

Select 14-17 credits from the following list after consultation with a science advisor.

**Anatomy/Physiology** 205, 206, 210

**Biology** 201, 202, 203, 210

**Chemistry** 140, 150, 160, 235, 236, 237

**Engineering** 106, 112, 280

**Environmental Science** 204

**Geology** 101, 206

**Mathematics** 102, 104, 106, 126, 224, 238,

240, 256

**Philosophy** 120, 215

**Physics** 110, 111, 112, 150, 151, 152, 201,

202, 203, 208, 221

#### 4. LIFETIME FITNESS/WELLNESS (2-3 credits)

Select one course from the following:

**Physical Education** 101, 102, 103, 111, 131, 149,

160, 165, 169

*Degree exceptions for fitness/wellness courses must include medical documentation submitted to Disability Support Services (DSS) and documentation to the Degree Exception Committee.*

#### 5. ELECTIVES (2-3 credits)

Select 2-3 credits of any course 100 level or above.

*English 111, 112 or 113 may be used.*

#### 6. TRANSFERABILITY OF CREDITS

Green River Community College is fully accredited. Academic courses will usually be accepted by other institutions offering the same (or similar) courses. However, each institution has its own transfer policies and each student is responsible for knowing the transfer and admission requirements of the receiving institution. Students are urged to consult with their advisor and a representative from the college they plan to attend after Green River.

You should include some 200-level classes in your course of study.

### Associate in Science-Transfer Degree (AS-T Option 1) 104-105 Credits

#### Biology Education

#### 1. BASIC SKILLS (15 credits)

##### A. Communications: (5 credits)

*Courses in this area support the written communication learning outcome.*

English 110

##### B. Quantitative Skills: (10 credits)

*Courses in this area support the quantitative and symbolic reasoning learning outcome.*

Mathematics 124 **and** 125

#### 2. HUMANITIES/FINE ARTS/ENGLISH and SOCIAL SCIENCE (15 credits)

##### A. Communication 101

##### B. Psychology 100

##### C. A minimum of 5 credits from the following:

American Ethnic & Minority Studies 100

Anthropology 202

#### 3. SPECIFIC PRE-MAJOR REQUIREMENTS

(59 credits):

A. **Chemistry** (140, 150 **and** 160) **and** (235, 236 **and** 237)

B. **Biology** 201, 202 **and** 203

C. **Mathematics** 256

#### 4. ADDITIONAL COURSES (15-16 credits)

Education 170

English 111, 112 **or** 113

Health Education 190

Lifetime Fitness/Wellness (2-3 credits):

**Physical Education** 101, 102, 103, 111, 131, 149, 160, 165, 169

Although it is not a requirement for this degree, it is recommended that students take additional coursework to better prepare them for transfer into this educational field.

**Recommended:** (15 credits)

**Physics:** The sequence is 110, 111 **and** 112  
**or**

**Physics:** The sequence is 150, 151 **and** 152  
**or**

**Physics:** The sequence is 201, 202 **and** 203

CUR8 080701

## ASSOCIATE IN SCIENCE-TRANSFER DEGREE (AS-T Option 1)

The Associate in Science transfer degree Option 1 encompasses general education courses required of first and second year students and is intended to prepare students planning to transfer to a four-year institution in the science-related fields. It will give students the broad background needed before beginning more specialized, upper-division courses. The Associate in Science transfer degree Option 1 curriculum is not intended to fulfill General Education/University (GER/GUR) requirements, but rather to prepare prospective transfer science students to enter the state universities with junior standing, not only in credits but with major/program preparation as well.

To earn this degree, you must complete 90-quarter credits in courses numbered 100 or above (from approved Associate in Science transfer degree Option 1 distribution list) and meet specific distribution requirements. No more than 20 credits may be taken on a pass/no credit basis. Students should be aware that courses with "Pass" grades may not satisfy the requirements in their major field. Each student is responsible for knowing the transfer requirements and policies, and they are urged to consult the catalog of the institution for which they plan to transfer. You must attain a cumulative grade point average of 2.0, and earn a minimum of 24 credits, including the last quarter in residence, at Green River Community College. You should include some 200-level classes in your course of study.

### Associate in Science-Transfer Degree (AS-T Option 1) 93-97 Credits

#### General Science Education

#### 1. BASIC SKILLS (15 credits)

##### A. Communications: (5 credits)

*Courses in this area support the written communication learning outcome.*

English 110

##### B. Quantitative Skills: (10 credits)

*Courses in this area support the quantitative and symbolic reasoning learning outcome.*

Mathematics 124 **and** 125

#### 2. HUMANITIES/FINE ARTS/ENGLISH and SOCIAL SCIENCE (15 credits)

##### A. Communication 101

##### B. Psychology 100

##### C. A minimum of 5 credits from the following:

American Ethnic & Minority Studies 100

Anthropology 202

#### 3. SPECIFIC PRE-MAJOR REQUIREMENTS

(48-51 credits):

##### A. Mathematics 256

##### B. Completion of a minimum of three sequences from the following four subject areas:

1. **Chemistry:** the sequence is 140, 150, **and** 160

2. **Biology:** the sequence is 201, 202, **and** 203

3. **Physics:** the sequence is 110, 111, **and** 112

**or**

**Physics:** the sequence is 150, 151, **and** 152

**or**

**Physics:** the sequence is 201, 202, **and** 203

4. **Geology:** the sequence is 101 **and** 206

#### 4. ADDITIONAL COURSES (15-16 credits)

Education 170

English 111, 112 **or** 113

Health Education 190

Lifetime Fitness/Wellness (2-3 credits):

Physical Education 101, 102, 103, 111, 131, 149, 160, 165, 169

*To receive this information in an alternative format, please contact Disability Support Services at: DSS@greenriver.edu, (253) 833-9111, ext. 2631 or TTY at (253) 288-3359. LC-272.*

CUR10 080701

### ASSOCIATE IN SCIENCE-TRANSFER DEGREE (AS-T Option 1)

The Associate in Science transfer degree Option 2 encompasses general education courses required of first and second year students and is intended to prepare students planning to transfer to a four-year institution in the science-related fields. It will give students the broad background needed before beginning more specialized, upper-division courses. The Associate in Science transfer degree Option 2 curriculum is not intended to fulfill General Education/University (GER/GUR) requirements, but rather to prepare prospective transfer science students to enter the state universities with junior standing, not only in credits but with major/program preparation as well.

### Associate in Science-Transfer Degree (AS-T Option 2) Minimum of 90 Credits

### Engineering, Engineering Technology, Computer Science, Physics, and Atmospheric Sciences

To earn this degree, you must complete 90-quarter credits in courses numbered 100 or above (from approved Associate in Science transfer degree Option 2 distribution list) and meet specific distribution requirements. No more than 20 credits may be taken on a pass/no credit basis. Students should be aware that courses with "Pass" grades may not satisfy the requirements in their major field. Each student is responsible for knowing the transfer requirements and policies, and they are urged to consult the catalog of the institution for which they plan to transfer. You must attain a cumulative grade point average of 2.0, and earn a minimum of 24 credits, including the last quarter in residence, at Green River Community College. You should include some 200-level classes in your course of study.

#### 1. GENERAL REQUIREMENTS (20 credits)

##### A. Communications: (5 credits)

*Courses in this area support the written communication learning outcome.*

**English** 110

*After consultation with a science advisor, five additional credits are recommended from the following:*

**English** 111, 112 **or** 113

##### B. Quantitative Skills: (15 credits)

*Courses in this area support the quantitative and symbolic reasoning learning outcome.*

**Mathematics** 124, 125, 126 **or** 256

#### 2. HUMANITIES/FINE ARTS/ENGLISH AND SOCIAL SCIENCE (15 credits)

Select 15 credits of humanities/fine arts/English and social science with at least five credits taken from each. Three different subjects required.

##### A. Humanities/Fine Arts/English

A minimum of 5 credits from the following:  
No more than 5 credits in foreign language at the 100 level. **No more than 5 credits** in performance or skills courses (**all courses in bold type**) may be applied to the Humanities/Fine Arts/English distribution.

**Art** 100, **105, 106, 107, 109, 110, 111, 112, 113, 114, 115, 120, 130, 209, 210, 212, 213, 214, 251, 252, 253, 255, 256, 257**

**Chinese** 101, 102, 103, 111

**Communication** 101, 110, 212, 215, 234, 238, 245

**Dance** 101, 102, 103, 204

**Drama** 102, **111, 112, 113, 120, 140, 141, 151, 152, 153**

**English** 131, 132, 133, 135, 151, 152, 154, 160, 163, 165, 168, 180, 181, 183, 185, 187, 190, 221, 222, 223, 224, 225, 240, 244, 245, 246, 265, 266, 267, 268

**French** 101, 102, 103, 201

**German** 101, 102, 103

**Humanities** 100, 110, 133, 160, 186, 190, 191,

224

**Japanese** 101, 102, 103

**Journalism** 101, 150, 151, 152, 156, 201, 254

**Music** 100, 101, 103, 104, 105, 106, 107, 111, 112, 113, **114, 115, 116, 118, 119, 120, 124, 127, 128, 129, 130.1, 130.2, 130.3, 132, 133, 134, 218, 219, 220, 227, 228, 229, 230.1, 230.2, 230.3**

**Philosophy** 100, 102, 103, 104, 105, 110, 112, 114, 115, 160, 200, 206, 210, 220, 236, 238, 240, 243

**Photography** 101, 102, 103, 104

**Spanish** 101, 102, 103, 110, 201, 202, 203

##### B. SOCIAL SCIENCE

A minimum of 5 credits from the following:

**American Ethnic & Minority Studies** 100, 215

**Anthropology** 100, 201, 202, 203, 204, 205, 206, 210, 215, 220, 265, 273, 274

**Behavioral Science** 200

**Business Administration** 101, 200, 205

**Criminal Justice** 100, 215

**Economics** 100, 101, 200, 201

**Geography** 100, 108, 120, 123, 190, 200, 205

**History** 101, 102, 103, 120, 122, 135, 200, 220, 221, 222, 224, 225, 226, 228, 230, 231, 232, 233, 235, 237, 240, 245, 250

**Political Science** 100, 201, 202, 203, 204, 207

**Psychology** 100, 200, 201, 209, 210, 220, 250

**Social Science** 160, 215

**Sociology** 110, 201, 215, 220, 230, 240, 245, 260

#### 3. SPECIFIC REQUIREMENTS:

Class selection depends on the student's area of study. After consultation with a science advisor, a total of 50 credits are required from the following list:

##### A. Physics 201, 202 **and** 203 (15 credits)

**Physics** 110, 111 **and** 112 may be substituted with prior consultation with a science/engineering advisor.

##### B. Select 6 credits to be taken from the following:

**Chemistry** 140, 150, 160, 235, 236, 237

##### C. Select 5 credits from the following:

**Computer Science** 145

**General Engineering/Computer Science** 142, 143, 144

##### D. Natural Science

Select 24 credits from the following list after consultation with a science/engineering advisor.

**Anatomy/Physiology** 205, 206, 210

**Biology** 201, 202, 203, 210

**Chemistry** 140, 150, 160, 235, 236, 237

**Computer Science** 142, 143, 144, 145

**Engineering (G E)** 106, 112, 140, 142, 143, 144, 240, 280, 281

**Environmental Science** 204

**Geology** 101, 206

**Mathematics** 102, 104, 106, 126, 224, 238, 240, 256

**Philosophy** 120, 215

**Physics** 110, 111, 112, 150, 151, 152, 201, 202, 203, 208, 221

#### 4. LIFETIME FITNESS/WELLNESS (2-3 credits)

Select one course from the following:

**Physical Education** 101, 102, 103, 111, 131, 149, 160, 165, 169

*Degree exceptions for fitness/wellness courses must include medical documentation submitted to Disability Support Services (DSS) and documentation to the Degree Exception Committee.*

#### 5. ELECTIVES (2-3 credits)

Select 2-3 credits of any course 100 level or above.

**English** 111, 112 **or** 113 may be used.

#### 6. TRANSFERABILITY OF CREDITS

Green River Community College is fully accredited. Academic courses will usually be accepted by other institutions offering the same (or similar) courses. However, each institution has its own transfer policies and each student is responsible for knowing the transfer and admission requirements of the receiving institution. Students are urged to consult with their advisor and a representative from the college they plan to attend after Green River.

*To receive this information in an alternative format, please contact Disability Support Services at: DSS@greenriver.edu, (253) 833-9111, ext. 2631 or TTY at (253) 288-3359. LC-272.*

## ASSOCIATE IN SCIENCE-TRANSFER DEGREE (AS-T Option 2)

The Associate in Science transfer degree Option 2 encompasses general education courses required of first and second year students and is intended to prepare students planning to transfer to a four-year institution in the science-related fields. It will give students the broad background needed before beginning more specialized, upper-division courses. The Associate in Science transfer degree Option 2 curriculum is not intended to fulfill General Education/University (GER/GUR) requirements, but rather to prepare prospective transfer science students to enter the state universities with junior standing, not only in credits but with major/program preparation as well.

To earn this degree, you must complete 90-quarter credits in courses numbered 100 or above (from approved Associate in Science transfer degree Option 2 distribution list) and meet specific distribution requirements. No more than 20 credits may be taken on a pass/no credit basis. Students should be aware that courses with "Pass" grades may not satisfy the requirements in their major field. Each student is responsible for knowing the transfer requirements and policies, and they are urged to consult the catalog of the institution for which they plan to transfer. You must attain a cumulative grade point average of 2.0, and earn a minimum of 24 credits, including the last quarter in residence, at Green River Community College. You should include some 200-level classes in your course of study.

### Associate in Science-Transfer Degree (AS-T Option 2) 97-98 Credits

#### Physics Education

#### 1. BASIC SKILLS (15 credits)

##### A. Communications: (5 credits)

*Courses in this area support the written communication learning outcome.*

English 110

##### B. Quantitative Skills: (10 credits)

*Courses in this area support the quantitative and symbolic reasoning learning outcome.*

Mathematics 124 **and** 125

#### 2. HUMANITIES/FINE ARTS/ENGLISH and SOCIAL SCIENCE (15 credits)

##### A. Communication 101

##### B. Psychology 100

#### C. A minimum of 5 credits from the following:

**American Ethnic & Minority Studies 100**

**Anthropology 202**

#### 3. SPECIFIC PRE-MAJOR REQUIREMENTS

(52 credits):

**A. Physics 201, 202, **and** 203**

## University Transfer

### ASSOCIATE IN SCIENCE-TRANSFER DEGREE (AS-T Option 2 MRP)

The Associate in Science transfer degree option 2 MRP encompasses general education courses required of first and second year students and is intended to prepare students planning to transfer to a four-year institution in the science-related fields. It will give students the broad background needed before beginning more specialized, upper-division courses. The Associate in Science transfer degree option 2 MRP curriculum is not intended to fulfill General Education/University (GER/GUR) requirements, but rather to prepare prospective transfer science students to enter the state universities with junior standing, not only in credits but with major/program preparation as well.

To earn this degree, you must complete 90-quarter credits in courses numbered 100 or above (from approved Associate in Science transfer degree option 2 MRP distribution list) and meet specific distribution requirements. No more than 20 credits may be taken on a pass/no credit basis. Students should be aware that courses with "Pass" grades may not satisfy the requirements in their major field. Each student is responsible for knowing the transfer requirements and policies, and they are urged to consult the catalog of the institution for which they plan to transfer. You must attain a cumulative grade point average of 2.0, and earn a minimum of 24 credits, including the last quarter in residence, at Green River Community College. You should include some 200-level classes in your course of study.

#### Associate in Science Transfer Degree (AS-T Option 2) – Major Related Program (MRP) 112 Credits

#### Engineering: Mechanical/Civil/Aeronautical/Industrial/ Materials Science/pre-Engineering (Other Engineering)

##### 1. GENERAL REQUIREMENTS (35 credits)

###### A. Communications: (5 credits)

*Courses in this area support the written communication learning outcome.*

**English** 110 (5 credits)

###### B. Quantitative Skills: (30 credits)

*Courses in this area support the quantitative and symbolic reasoning learning outcome.*

**Mathematics** 124, 125, 126, 224, 238 **and** 240

##### 2. HUMANITIES/FINE ARTS/ENGLISH and SOCIAL SCIENCE (15 credits)

(Select 15 credits of humanities/fine arts/English and social science with at least five credits taken from each. Three different subjects required.)

###### A. Humanities/Fine Arts/English

A minimum of 5 credits from the following: No more than 5 credits allowed in any one discipline. No more than 5 credits in foreign language at the 100 level. No more than 5 credits in performance/skills courses (**all courses in bold type**) can be applied towards Humanities/Fine Arts/English distribution.

**Art** 100, **105, 106, 107, 109, 110, 111, 112, 113, 114, 115, 120, 130, 209, 210, 212, 213, 214, 251, 252, 253, 255, 256, 257**

**Chinese** 101, 102, 103

**Communication** 101, 110, 212, 215, 234, 238, 245

**Dance** 101, 102, 103, 204

**Drama** 102, **111, 112, 113, 120, 140, 141, 151, 152, 153**

**English** 131, 132, 133, 135, 151, 152, 154, 160, 163, 165, 168, 180, 181, 183, 185, 187, 190, 221, 222, 223, 224, 240, 244, 245, 246, 265, 266, 267, 268

**French** 101, 102, 103, 201

**German** 101, 102, 103

**Humanities** 100, 110, 133, 160, 186, 190, 191, 224

**Japanese** 101, 102, 103

**Journalism** 101, 150, 151, 152, 201, 254

**Music** 100, 101, 103, 104, 105, 106, 107, 111, 112, 113, **114, 115, 116, 118, 119, 120, 124, 127, 128, 129, 130.1, 130.2, 130.3, 132, 133, 134, 218, 219, 220, 227, 228, 229, 230.1, 230.2, 230.3**

**Philosophy** 100, 102, 103, 104, 105, 110, 112, 114, 115, 160, 200, 206, 210, 220, 238, 240, 243

**Photography** 101, 102, 103, 104

**Spanish** 101, 102, 103, 110, 201, 202, 203

###### B. Social Science

*A course in Economics is recommended.*

A minimum of 5 credits from the following:

**American Ethnic & Minority Studies** 100, 215

**Anthropology** 100, 201, 202, 203, 204, 205, 206, 210, 215, 220, 265, 273, 274

**Behavioral Science** 200

**Business Administration** 101, 200, 205

**Criminal Justice** 100, 215

**Economics** 100, 101, 200, 201

**Geography** 100, 108, 120, 123, 190, 200, 205, 260

**History** 101, 102, 103, 120, 122, 135, 200, 220, 221, 222, 224, 225, 226, 228, 230, 231, 232, 233, 235, 237, 240, 245, 250

**Political Science** 100, 201, 202, 203, 204, 207

**Psychology** 100, 200, 201, 209, 210, 220, 250

**Social Science** 160, 215

**Sociology** 110, 201, 215, 220, 230, 240, 245, 260

##### 3. SPECIFIC REQUIREMENTS (62 credits)

###### A. Physics 201, 202 **and** 203 (15 credits)

###### B. Chemistry 140 **and** 150 (12 credits)

###### C. Select 5 credits from the following:

**Computer Science** 145

**General Engineering/Computer Science** 142, 143, 144

###### D. Engineering course requirements (20 credits)

**General Engineering** 100, 106, 112, 240, 281

###### E. Select 10 credits from the following list after consultation with a science/engineering advisor.

**English** 113

**General Engineering** 104, 123, 140, 235, 280

##### 4. TRANSFERABILITY OF CREDITS

Green River Community College is fully accredited. Academic courses will usually be accepted by other institutions offering the same (or similar) courses. However, each institution has its own transfer policies and each student is responsible for knowing the transfer and admission requirements of the receiving institution. Students are urged to consult with their advisor and a representative from the college they plan to attend after Green River.

## ASSOCIATE IN SCIENCE-TRANSFER DEGREE (AS-T Option 2 MRP)

The Associate in Science transfer degree Option 2 MRP encompasses general education courses required of first and second year students and is intended to prepare students planning to transfer to a four-year institution in the science-related fields. It will give students the broad background needed before beginning more specialized, upper-division courses. The Associate in Science transfer degree Option 2 MRP curriculum is not intended to fulfill General Education/University (GER/GUR) requirements, but rather to prepare prospective transfer science students to enter the state universities with junior standing, not only in credits but with major/program preparation as well.

To earn this degree, you must complete 90-quarter credits in courses numbered 100 or above (from approved Associate in Science transfer degree Option 2 MRP distribution list) and meet specific distribution requirements. No more than 20 credits may be taken on a pass/no credit basis. Students should be aware that courses with "Pass" grades may not satisfy the requirements in their major field. Each student is responsible for knowing the transfer requirements and policies, and they are urged to consult the catalog of the institution for which they plan to transfer. You must attain a cumulative grade point average of 2.0, and earn a minimum of 24 credits, including the last quarter in residence, at Green River Community College. You should include some 200-level classes in your course of study.

### Associate in Science-Transfer Degree (AS-T Option 2) – Major Related Program (MRP) 102 Credits

#### Engineering: Biological or Chemical pre-Engineering

#### 1. GENERAL REQUIREMENTS (30 credits)

##### A. Communications: (5 credits)

*Courses in this area support the written communication learning outcome.*

**English** 110 (5 credits)

##### B. Quantitative Skills: (25 credits)

*Courses in this area support the quantitative and symbolic reasoning learning outcome.*

**Mathematics** 124, 125, 126, 224 **and** 238

#### 2. HUMANITIES/FINE ARTS/ENGLISH and SOCIAL SCIENCE (15 credits)

(Select 15 credits of humanities/fine arts/English and social science with at least five credits taken from each. Three different subjects required.)

##### A. Humanities/Fine Arts/English

A minimum of 5 credits from the following:

No more than 5 credits allowed in any one discipline. No more than 5 credits in performance/skills courses (all courses in bold type) can be applied towards Humanities/Fine Arts/English distribution. No more than 5 credits in foreign language at the 100 level.

**Art** 100, **105, 106, 107, 109, 110, 111, 112, 113, 114, 115, 120, 130, 209, 210, 212, 213, 214, 251, 252, 253, 255, 256, 257**

**Chinese** 101, 102, 103, 111

**Communication** 101, 110, 212, 215, 234, 238, 245

**Dance** 101, 102, 103, 204

**Drama** 102, **111, 112, 113, 120, 140, 141, 151, 152, 153**

**English** 131, 132, 133, 135, 151, 152, 154, 160, 163, 165, 168, 180, 181, 183, 185, 187, 190, 221, 222, 223, 224, 225, 240, 244, 245, 246, 265, 266, 267, 268

**Philosophy** 100, 102, 103, 104, 105, 110, 112, 114, 115, 160, 200, 206, 210, 220, 236, 238, 240, 243

**Photography** 101, 102, 103, 104

**Spanish** 101, 102, 103, 110, 201, 202, 203

##### B. Social Science

A course in Economics is recommended.

A minimum of 5 credits from the following:

**American Ethnic & Minority Studies** 100, 215

**Anthropology** 100, 201, 202, 203, 204, 205, 206, 210, 215, 220, 265, 273, 274

**Behavioral Science** 200

**Business Administration** 101, 200, 205

**Criminal Justice** 100, 215

**Economics** 100, 101, 200, 201

**Geography** 100, 108, 120, 123, 190, 200, 205

**History** 101, 102, 103, 120, 122, 135, 200, 220, 221, 222, 224, 225, 226, 228, 230, 231, 232, 233, 235, 237, 240, 245, 250

**Political Science** 100, 201, 202, 203, 204, 207

**Psychology** 100, 200, 201, 209, 210, 220, 250

**Social Science** 160, 215

**Sociology** 110, 201, 215, 220, 230, 240, 245, 260

#### 3. SPECIFIC REQUIREMENTS (57 credits)

##### A. Physics 201, 202 **and** 203 (15 credits)

##### B. Chemistry 140, 150, 160 **and** 235 (24 credits)

##### C. Select 5 credits from the following:

**Computer Science** 142, 143, 144, 145

**General Engineering** 142, 143, 144

##### D. General Engineering 100

##### E. Select 5-6 credits

**Biology 100 or Chemistry 236**

##### F. Select at least 5 credits from the following list after consultation with an engineering advisor.

**Biology** 100

\* **Chemistry** 236

**General Engineering** 235, 280

**English** 113

**Mathematics** 240

*\*An online course on chemical process, principles, and calculations will be added to this degree in the future.*

#### 4. TRANSFERABILITY OF CREDITS

Green River Community College is fully accredited. Academic courses will usually be accepted by other institutions offering the same (or similar) courses. However, each institution has its own transfer policies and each student is responsible for knowing the transfer and admission requirements of the receiving institution. Students are urged to consult with their advisor and a representative from the college they plan to attend after Green River.

To receive this information in an alternative format, please contact Disability Support Services at: [DSS@greenriver.edu](mailto:DSS@greenriver.edu), (253) 833-9111, ext. 2631 or TTY at (253) 288-3359. LC-272.

CUR12 080701

## University Transfer

### ASSOCIATE IN SCIENCE-TRANSFER DEGREE (AS-T Option 2 MRP)

The Associate in Science transfer degree Option 2 MRP encompasses general education courses required of first and second year students and is intended to prepare students planning to transfer to a four-year institution in the science-related fields. It will give students the broad background needed before beginning more specialized, upper-division courses. The Associate in Science transfer degree Option 2 MRP curriculum is not intended to fulfill General Education/University (GER/GUR) requirements, but rather to prepare prospective transfer science students to enter the state universities with junior standing, not only in credits but with major/program preparation as well.

To earn this degree, you must complete 90-quarter credits in courses numbered 100 or above (from approved Associate in Science transfer degree Option 2 MRP distribution list) and meet specific distribution requirements. No more than 20 credits may be taken on a pass/no credit basis. Students should be aware that courses with "Pass" grades may not satisfy the requirements in their major field. Each student is responsible for knowing the transfer requirements and policies, and they are urged to consult the catalog of the institution for which they plan to transfer. You must attain a cumulative grade point average of 2.0, and earn a minimum of 24 credits, including the last quarter in residence, at Green River Community College. You should include some 200-level classes in your course of study.

#### Associate in Science-Transfer Degree (AS-T Opt 2)-Major Related Program (MRP) 96 Credits

#### Engineering: Computer or Electrical pre-Engineering

##### 1. GENERAL REQUIREMENTS (30 credits)

###### A. Communications: (5 credits)

*Courses in this area support the written communication learning outcome.*

English 110 (5 credits)

###### B. Quantitative Skills: (25 credits)

*Courses in this area support the quantitative and symbolic reasoning learning outcome.*

Mathematics 124, 125, 126, 224 and 238

##### 2. HUMANITIES/FINE ARTS/ENGLISH and SOCIAL SCIENCE (15 credits)

(Select 15 credits of humanities/fine arts/English and social science with at least five credits taken from each. Three different subjects required.)

###### A. Humanities/Fine Arts/English

A minimum of 5 credits from the following: No more than 5 credits in foreign language at the 100 level. No more than 5 credits allowed in any one discipline. No more than 5 credits in performance/skills courses (all courses in bold type) can be applied towards Humanities/Fine Arts/English distribution.

Art 100, **105, 106, 107, 109, 110, 111, 112, 113, 114, 115**, 120, **130, 209, 210**, 212, 213, 214, **251, 252, 253, 255, 256, 257**

Chinese 101, 102, 103, 111

Communication 101, 110, 212, 215, 234, 238, 245

Dance **101, 102, 103, 204**

Drama 102, **111, 112, 113**, 120, 140, 141, **151, 152, 153**

Spanish 101, 102, 103, 110, 201, 202, 203

###### B. Social Science

*A course in Economics is recommended.*

A minimum of 5 credits from the following:

American Ethnic & Minority Studies 100, 215  
Anthropology 100, 201, 202, 203, 204, 205, 206, 210, 215, 220, 265, 273, 274

Behavioral Science 200

Business Administration 101, 200, 205

Criminal Justice 100, 215

Economics 100, 101, 200, 201

Geography 100, 108, 120, 123, 190, 200, 205  
History 101, 102, 103, 120, 122, 135, 200, 220, 221, 222, 224, 225, 226, 228, 230, 231, 232, 233, 235, 237, 240, 245, 250

Political Science 100, 201, 202, 203, 204, 207

Psychology 100, 200, 201, 209, 210, 220, 250

Social Science 160, 215

Sociology 110, 201, 215, 220, 230, 240, 245, 260

##### 3. SPECIFIC REQUIREMENTS (51 credits)

###### A. Physics 201, 202 and 203 (15 credits)

###### B. Chemistry 140 (6 credits)

###### C. Select 10 credits from the following:

General Engineering/Computer Science 142 and 143 or

General Engineering/Computer Science 144 and Computer Science 145

###### D. Select 10 credits

General Engineering 100, 106, 235

###### E. Select 10 credits\*

English 113

General Engineering 104, 112, 280

*\*A course in digital logic will be added to this list in the future.*

##### 4. TRANSFERABILITY OF CREDITS

Green River Community College is fully accredited. Academic courses will usually be accepted by other institutions offering the same (or similar) courses. However, each institution has its own transfer policies and each student is responsible for knowing the transfer and admission requirements of the receiving institution. Students are urged to consult with their advisor and a representative from the college they plan to attend after Green River.

CUR13 080701

## ASSOCIATE PRE-PROFESSIONAL DEGREE (A-PP)

While students in most college majors take the same general education requirements during their first two years, some majors demand more specialized subjects. The Associate Pre-Professional degree is designed for those students who need specific requirements that prevent them from satisfying the broad requirements of the AA, AB, AM, AElemEd, APreNurse, AAS-T, or AS-T degrees or that will enhance their program of study at the transfer institution.

If students wish to design a program to transfer to a specific department within a four-year institution, they should consult advisors at both Green River and their Transfer College or university. Students are responsible for finding out the unique requirements of the institution they plan to attend after Green River. An advisor will help students plan an appropriate selection of classes to ensure that all requirements of the transfer institution are met; the program will be customized for the transfer institution of their choice. Students are required to present an Associate Pre-Professional degree plan to their advisor for approval. The plan becomes a permanent part of the student's record.

Contact an advisor in the Career and Advising Center for assistance in submitting an A-PP degree plan.

## ACADEMIC CERTIFICATE

A certificate in an academic area of study is awarded in recognition of an individual's attainment of a body of knowledge that will strengthen the student's educational experience. These skills are based on standards that faculty within that area have developed to emphasize or enhance a student's major-ready preparation. Academic certificates, when used in conjunction with an Associate in Arts degree, will help emphasize a student's educational experiences.

### Requirements include:

- Earn a minimum grade point average of 2.0
- Complete a minimum of 25% of the credits required, including the last quarter in residence, at Green River.

- Earning no more than 10 credits on a pass/no credit basis. Students should be aware that courses with "Pass" grades may not satisfy the requirements in their major field. Each student is responsible for knowing the transfer requirements and policies, and they are urged to consult the catalog of the institution to which they plan to transfer.

## ASSOCIATE IN APPLIED SCIENCE-TRANSFER DEGREE (AAS-T)

The Associate in Applied Science-Transfer degree (AAS-T) is built upon the technical courses required for job preparation but also includes a college-level general education component, common in structure for all such degrees. Further, the general education courses for the degree are drawn from the same list as those taken by students completing the Direct Transfer Agreement (DTA) associate degree or the Associate in Science-Transfer (AS-T) degree.

The following guidelines provide specific information about how this degree may be developed:

### Degree requirements include:

- 70 credits in the technical field as specified by the industry advisory committee.
- 20 credits of general education courses as follows:
  - 5 credits communications – Engl 110
  - 5 credits quantitative reasoning – College-level math with Math 097, Intermediate Algebra as a prerequisite
  - 10 credits in social science, humanities, or science – to be selected from the list of courses "generally accepted".
- Earning a minimum of 90 credits with a minimum grade point average of 2.0.
- Completing the minimum of 24 credits, including the last quarter of residence at Green River Community College.
- Earning no more than 25% of the credit requirements on a pass/no credit basis.

The curriculum for each Associate in Applied Science-Transfer degree is determined by the faculty of Green River Community College in conjunction with each discipline advisory committee from business and industry. Consult the listing of the program of your choice for specific courses required.

## Art–Advanced Studies

### Academic Certificate 31-33 Credits

**Note:** This certificate does not qualify for federal financial aid or VA funding unless the certificate or courses is applied towards an Associate in Development degree.

**Contact:** Paul Metivier, ext. 4766  
pmetivier@greenriver.edu

Dept./No.	Course Title	Credits
<b>Required Courses:</b>		
* Art 180	The Artist's Portfolio	3
* Art 199 <b>or</b>	Independent Study-Design <b>or</b>	(1-5)
Art 275, 276, 277 <b>or</b>	Independent Study-Ceramics <b>or</b>	(1-5)

## Diversity Studies

### Academic Certificate 20 Credits

Examining diversity encompasses the knowledge, attitudes and skills necessary for students to understand power relations; to function responsibly in a diverse, global society; and to gain a critical awareness of the social construction of race, ethnicity, gender, class, sexual orientation, disability, culture, religion and age in local, national and global contexts.

Students must have an accumulative G.P.A. of 2.0 for the classes chosen for the certificate; only one class can have a Pass/No Credit designation. Students seeking the Gender Studies certificate may use no more than two courses from that certificate to fulfill the Diversity certificate

Hist 228	Latinos in the United States	5
Human 224	Women & World Religions	5
Soc 220	Sex & Gender in Society	5

## Gender Studies

### Academic Certificate 20 Credits

This certificate is a 20-credit interdisciplinary certificate. Program courses include an introductory course in Gender Studies and 15 credits of additional courses whose primary focus is the study of gender. Content for additional courses may include, but is not limited to, issues of gender roles for men and women, social construction of gender and sex, and sexuality.

**Contact:** Louise Hull, ext. 4386

**Information Technology  
Computer Support Specialist  
Associate in Applied Science-Transfer (AAS-T)  
90 Credits**

This degree program prepares students for entry-level employment in a variety of IT positions, such as: PC repair technician, computer support technician, technical support specialist, and systems administrator.

Students in this degree program receive foundational training in a broad range of help desk and computer systems administration subjects, resulting in a balanced, well-rounded knowledge of information technology. In addition to these specialized courses, students learn key interpersonal communication skills sought by employers, and complete a minimum of 264 hours of help-desk work experience.

Computer support technicians troubleshoot hardware, software, and operating system problems reported by end users, often over the telephone. Technical support specialists install, configure, update, troubleshoot, and repair computer hardware, software, operating systems, and peripheral devices. System administrators install, support, and maintain an organization's network servers and directory services infrastructure.

 IT 178                      Help Desk Work Experience                      (5-9)

**Electives: 0-10**  
 \*\*Any course 100 or higher in the college catalog.                      (0-10)

# Satisfies related instruction requirements.

\* Keyboarding/typing skills may be demonstrated by passing a 5-minute typing test at 30 wpm with 5 or less errors using the proper typing techniques administered by the Business Education department.

\*\* Elective credits are only required if students submit a CompTIA A+ certification in place of IT 110 and/or IT 115.

**Note:**  
 Students wishing to transfer to Central Washington University should take Engl 113 in addition to Engl 110. Students should also take Math 156, and one of the following: (Math 102, Math 104, Math 107, Math 124 or Math 157). Students who wish to transfer should meet with an academic advisor to ensure they take the appropriate classes to meet the transfer requirements.

**Information Technology  
Information Assurance  
Associate in Applied Science-Transfer (AAS-T)  
105-120 Credits**

This degree program prepares graduates for employment in the information technology field as computer security specialists and information assurance technicians.

Information assurance is one of the fastest growing and most challenging specialty areas in information technology. Computer security specialists and information assurance technicians educate end users about security; implement security configurations, including hardening servers and client computers; monitor the network for attempted and actual security breaches; and respond to attacks.

Students in this degree program receive foundational training in a broad range of networking and computer systems administration subjects, resulting in a balanced, well-rounded knowledge of information technology. Students also complete four courses on key information assurance and network security topics: Introducing to Network Security, Information Assurance, Designing and Implementing Security, and Implementing and Security Wireless Networks. In addition to these specialized courses, students learn key interpersonal communication skills sought by employers and complete a minimum of 90 hours of information assurance-related work experience.

## Information Technology Networking

### Associate in Applied Science-Transfer (AAS-T) 105-120 Credits

This degree program prepares students for entry-level employment in a variety of IT positions, such as: PC repair technician, help-desk technician, technical support specialist, network technician, and network or computer systems administrator.

Students in this degree program receive foundational training in a broad range of networking and computer systems administration

subjects, resulting in a balanced, well-rounded knowledge of information technology. Students also complete four courses on key networking topics: Introduction to Networking, Managing Cisco Routers and Switches, Managing a Microsoft Windows Network Environment, and Implementing and Securing Wireless Networks (or Implementing and Managing Microsoft Exchange). In addition to these specialized courses, students learn key interpersonal communication skills sought by employers and complete a minimum of 90 hours of information assurance-related work experience.

Help-desk technicians troubleshoot hardware, software, and operating system problems reported by end users, often over the telephone. Technical support specialists install, configure, update, troubleshoot, and repair computer hardware, software, operating systems, and peripheral devices. Network technicians and administrators install, support, and maintain an organization's network infrastructure. They also troubleshoot problems and monitor the network to ensure that performance and availability standards are met. System administrators install, support, and maintain an organization's network servers and directory services infrastructure.

**Mechanical Design Technology**

**Associate in Applied Science Degree-Transfer (AAS-T)  
120 Credits**

Mechanical designers and technicians assist engineers in industry and require a very broad technological background. Students program will develop proficiency in board drawing and computer-aided drafting. Students are able to prepare drawings for manufacturing and fabrication. The ANSI (American National Standards Institute) and the ASME (American Society of Mechanical Engineers) drafting and design standards will be taught and reinforced as students prepare drawings in both 2D and 3D using AutoCAD, CADkey, and Mastercam applications software.

Throughout this course of study, students will be required to use sketches, notes, technical literature, and personal research to complete assignments. Students will complete related credits in the areas of manufacturing and engineering.

For additional information, see the course description listed under Design Technology in the 2006-2008 catalog.

# Satisfies related instruction requirements.

**Natural Resources**  
**Associate Pre-Professional Degree**  
**95 Credits**

This degree program prepares students to transfer to a college or university program as juniors in several Natural Resources areas. By developing academic skills in mathematics, science, English, humanities, and natural resource courses, the student can transfer directly into a professional program such as natural resources management, forest engineering, or wildlife biology. Selected natural resource courses will transfer to these four-year programs.

This program of study is designed to transfer to most four-year professional programs in Natural Resources or closely related fields. While setting up your specific program, you should consult the catalog of the school to which you plan to transfer. The university catalog requirements will provide the guidance for substitutions and be approved by the Natural Resources instructor/advisor. Some professional schools require a foreign language.

**Note:**  
 Students may enter the Natural Resources program in any quarter, however many Natural Resources courses are only offered one time each year. Correct sequencing is important!

## Professional Technical

---

### PROFESSIONAL TECHNICAL EDUCATION

Students will find 122 different job-training programs at Green River, each designed to prepare students for immediate employment.

Professional Technical programs are offered in business and office occupations, health sciences, the trades and technical fields. In each program, students will find hands-on training using current technology. Expert instructors provide individual attention in classrooms, labs and workshops. Programs are guided by industry advisory committees to ensure that training meets the needs of local business and industry.

Programs range in length from one quarter (11 weeks) to two years or more.

In some programs, courses are designed to provide up-to-date information to people already working in industry who need to learn new technology.

### ASSOCIATE IN APPLIED ARTS DEGREE (AAA) AND ASSOCIATE IN APPLIED SCIENCE DEGREE (AAS)

The Associate in Applied Arts and the Associate in Applied Science degrees are designed for students in professional technical programs. The only difference between those degrees is the field of study. Applied Arts degrees are generally awarded for business and business-related fields; applied science degrees are granted in health science, technical and trade subjects.

These professional technical degrees are designed for students who want to prepare for employment. In some cases, credits earned may be applied to study at a four-year college or university.

#### Degree requirements include:

1. Earning a minimum of 90 credits with a minimum grade point average of 2.0.
2. Completing a minimum of 24 credits, including the last quarter of residence, at Green River.
3. Earning no more than 25% of the credit requirements on a pass/no credit basis.

The curriculum for each professional technical program is determined by the faculty of Green River Community College and in some cases an advisory committee from business and industry. Consult the listing of the program of your choice for specific courses required.

### PROFESSIONAL TECHNICAL CERTIFICATE

Professional technical certificates are awarded in some programs.

Professional technical certificates are designed for students who want to prepare for immediate employment. The certificate includes specific courses in your area of study as well as related instruction courses that are intended to enhance your learning. In some cases, the credits you earn for these certificates may be applied to an Associate in Applied Arts Degree, Associate in Applied Science Degree, or to study at a four-year college or university.

#### Professional Technical Certificate requirements include:

1. Earning a minimum of 45 credits with a minimum grade point average of 2.0.
2. Completing a minimum of 12 credits, including the last quarter of residence, at Green River.
3. Earning no more than 25% of the credit requirements on a pass/no credit basis.

The curriculum for each professional technical program is determined by the faculty of Green River Community College and in some cases an advisory committee from business and industry. Specific requirements are listed in the Programs of Study section of this catalog.

## CERTIFICATES OF PROFICIENCY

Certificates of Proficiency are awarded in some professional technical as well as academic programs. The curriculum for each professional technical program is determined by the faculty of Green River Community College, and in some cases an advisory committee from business and industry. Certificates of Proficiency coursework is 44 or less credits and generally do not include related instruction courses. See Programs of Study for availability and specific requirements for Certificates of Proficiency, which usually do not include classes outside the major subject.

### Certificate of Proficiency requirements include:

1. Earn a minimum grade point average of 2.0.
2. Complete a minimum of 25% of the credits required, including the last quarter of residence, at Green River.
3. Earning no more than 25% of the credit requirements on a pass/no credit basis.

## RELATED INSTRUCTION REQUIREMENTS

### ASSOCIATE IN APPLIED ARTS DEGREE (AAA) AND ASSOCIATE IN APPLIED SCIENCE DEGREE (AAS)

The Associate in Applied Arts (AAA), Associate in Applied Science (AAS) and the Associate in Applied Science-Transfer (AAS-T) degrees are designed for students in professional technical programs. The faculty of Green River Community College and an advisory committee from local business and industry determine the curriculum for each professional technical program. Each curriculum includes major field requirements and related instruction requirements. To earn either degree, a student must accumulate a minimum of 90 credits, meet the specific requirements of the program, and earn a minimum grade point average of 2.0. Twenty-four of the total 90 credits, including the last quarter of study, must be completed at Green River. No more than 25% of the credit requirements may be earned on a pass/no-credit basis.

Students seeking AAA, AAS, or AAS-T degrees must complete related instruction requirements in the program-related areas of communication, computation, and human relations. Where appropriate, safety and environmental awareness courses are also required for degree programs.

In most professional technical fields at Green River, these related instructions are already included within the program. The requirements may be part of several courses or may be included in one particular course. Most students, in meeting the specific requirements of the programs, will automatically meet the related instruction requirements. (Courses designated as related instruction requirements will be denoted with a # symbol.)

The related instruction requirements and their minimum levels of proficiency are listed below. The listed courses in communication, computation, and human relations may be credited toward no more than one related instruction requirement.

### Certificates

Related instruction requirements are included in all certificates that are one year in length or longer (45 credits or more).

## AAA and AAS Degrees and Certificates

### 1. COMMUNICATIONS

#### A. Writing

The student will earn a minimum of three credits\* from the following:

**English** 102, 110, 111, 112, or 113.

*\* Although three credits is the minimum requirement, all of the above English courses are offered at five credits.*

or

**Business Education** 130 for the following business-related degrees and certificates:

Degrees:	Certificates:
Accounting Administrative Assistant Business Applications Specialist Business Management Computer Reporting Technologies– Captioning Computer Reporting Technologies– Court Reporting Legal Administrative Assistant Medical Office Assistant	Administrative Assistant Business Applications Specialist Retail Management

or

Advanced placement 3 (AP3):	Waiver from writing requirement; no credit granted.
Advanced placement 4 (AP4):	Waiver from writing requirement and 5 credits granted for college-level writing
Advanced placement 5 (AP5):	Waiver from writing requirement and 10 credits granted for college-level writing

#### B. Oral

The student will earn a minimum of three credits\* from the following:

**Communication** 100, 101, 110, and 234.

*\* Although three credits is the minimum requirement, most communication courses are offered at five credits.*

## Professional Technical

### 2. COMPUTATION

Students pursuing degrees or certificates in programs without a specified computation or math course may satisfy this requirement by one of the following:

- A. The student will earn a minimum of three credits\* from a mathematics course numbered 100 or above (excluding co-op math courses).

\* *Although three credits is the minimum requirement, most mathematics courses are offered at five credits.*

- B. Achieve a COMPASS score sufficient for eligibility for Math 104 or higher.

or

Advanced placement 3 or 4 (AP3 or AP4)	Waiver from computation requirement on the AB Examination and 5 credits granted for Math 124
Advanced placement 5 (AP5)	Waiver from computation requirement on the AB Examination and 10 credits granted for Math 124 and Math 125
Advanced placement 3 (AP3)	Waiver from computation requirement on the BC Examination and 5 credits granted for Math 124
Advanced placement 4 or 5 (AP4 or AP5)	Waiver from computation requirement on the BC Examination and 10 credits granted for Math 124 and Math 125

- C. **Business Education 110** or **Business Administration 145** for the following business-related degrees and certificates:

Degrees	Certificates
Accounting	Administrative Assistant
Administrative Assistant	Business Applications Specialist
Business Applications Specialist	Retail Management
Business Management	
Computer Reporting Technologies– Captioning	
Computer Reporting Technologies– Court Reporting	
Early Childhood Education	
Legal Administrative Assistant	
Medical Office Assistant	
Occupational Therapist Assistant	
Physical Therapist Assistant	

- D. **Acomp 100N** for Practical Nursing Certificate.

- E. **Acomp 100T** for Trades degrees.

### 3. HUMAN RELATIONS

The student will participate in a minimum of three credits\* or 33 hours of course work in which personal quality foundation skills and interpersonal workplace competencies are taught and practiced. These qualities and competencies are identified in the U.S. Department of Labor Secretary's Commission on Achieving Necessary Skills (SCANS). They include: demonstrates responsibility, self-worth, sociability in groups, self-management and integrity/honesty; participates as a team member; helps others; exhibits leadership; negotiates agreement; and develops an appreciation of socio-cultural differences while respecting the rights of others.

The student's Human Relations requirement is met if at least 80% of the SCANS attributes (as mentioned above) are embedded into a course or courses that are part of their professional technical program (see program requirements). If not embedded, the student will earn a minimum of three credits\* from the following courses:

**Behavioral Science 103, 190**

**Business 166**

**Communication 100, 101, 110, 234**

\* *Although three credits is the minimum requirement, most courses that meet this requirement are offered at five credits.*

## Accounting

### Associate in Applied Arts Degree 90 Credits

The graduate of this two-year program will be prepared for employment in accounting and future supervisory positions in accounting and business. Students in this program must complete all required B A classes with a grade of 2.0 or higher. Students must earn a cumulative GPA of 2.0 or higher.

# Satisfies related instruction requirements.

Students can only apply Comm 100, 101 or 110 towards the human relations area if NOT already used in the Communications area of the related instruction requirements.

\* B A 210, Financial Accounting 1, may be substituted for B A 110 and B A 111.

\*\* B A 220, Financial Accounting 1 2, may be substituted for B A 113.

† Bus E 101 Beginning Typing/Keyboarding may be waived by passing a 3-minute typing test at 30 wpm with 5 or less errors using the proper touch typing techniques. Elective credits may be used to meet the minimum degree credit requirements.

## Accounting

### Certificate of Proficiency 40 Credits

For the student who desires early employment, or wishes to add specialty credentials to an already earned degree. GRCC offers a course of instruction culminating in an Accounting certificate. (Tech Prep students may articulate into this program as a continuation of training started in high school qualified programs.) Students in this program must complete all required BA classes with a grade of 2.0 or higher. Students must earn a cumulative GPA of 2.0 or higher.

**Administrative Assistant  
Associate in Applied Arts Degree  
90 Credits**

The major objective of the Administrative Assistant degree program is to provide students an opportunity to develop essential business skills in their area of interest as well as to offer a comprehensive general education. Placement in courses depends on the student's prior education and experience. Earning an Administrative Assistant degree will prepare the student for employment as an office worker in an entry level position. Students in this program must complete all required Bus E classes with a grade of 2.0 or higher. This program meets related instruction requirements for the Associate in Applied Arts degree. Students may enter this program at the beginning of any quarter.

**Auto Body Technology**  
**Associate in Applied Science Degree**  
**109-116 Credits**

This degree program educates students in the complete repair and refinishing of collision damaged vehicles. Graduates of this NATEF certified program will have acquired the skills necessary to enter into other aspects of the trade such as management, sales, and appraising.

The auto collision repair industry is becoming more technical and our graduates will have been trained with that in mind due to the help of competencies set forth by the National Automotive Technicians Education Foundation (NATEF) the National Institute for Automotive Service Excellence (ASE), and the Inter-Industry Conference on Collision Repair (I-Car).

This is an open entry program, and providing space is available, students may enter at the beginning of any quarter with instructor's permission.

Suggested first quarter classes for new students: Abody 100, 12 credits of Abody 104, and Indus 102.1. See advisor for scheduling of subsequent quarters.

Abody 180-184	Industry Leadership 1-5	5
Indus 102.1	Welding Survey 1	3
Indus 102.2	Welding Survey 2	3
First Aid/CPR	Possess First Aid/CPR card upon graduation	

**Related Instruction Requirements:**

# Comm 100	Fundamentals of Oral Communication	5
# Engl 102	Practical College Writing	5
# Human Relations	Any course that satisfies the related instruction requirements	3-5
# Acomp 100T or Math 062	Computation for the Trades or Review of Arithmetic or Eligible for Math 070	0-5

*# Satisfies related instruction requirements. For scheduling or transferability reasons, other courses from the current list of related instruction requirements may be substituted.*

**Note:** Students whose primary language is not English, must pass ESOL Level 3 before enrolling in the Auto Body Technology program.

**Auto Body Technology–  
 Collision Repair**  
**Certificate of Proficiency**  
**44 Credits**

This certificate program is designed to prepare students for entry-level employment in the auto body and the collision repair industries. Students will be instructed in the basics of auto body repair including structural and non-structural repair and welding through completion of NATEF (National Automotive Technician Education Foundation) certified courses.

This is an open-entry program, and providing space is available, students may enter at any time with instructor's permission.

## Auto Body Technology– Paint & Refinishing

### Certificate of Proficiency 44 Credits

This certificate program is intended to prepare students for entry-level employment in the auto body paint shop. Students will be instructed in the basics of shop and hazardous material safety, painting, and basic auto body repair through completion of NATEF (National Automotive Technician Education Foundation) certified courses.

This is an open entry program, and providing space is available, students may enter at any time with instructor's permission.

## Automotive Technology

### Associate in Applied Science Degree 97-106 Credits

This degree program prepares the student for employment in the automotive industry.

Graduates of the program will have achieved competencies set forth by the National Automotive Technicians Education Foundation (NATEF) and the National Institute for Automotive Service Excellence (ASE) and obtained related education in the fields of leadership, human relations and communication.

Credit for hours of training is usually granted to those entering into an approved apprenticeship program and is granted for the certification experience requirement.

Entry into the program will be on a space-available basis with instructor's permission.

New students must show proof of a valid driver's license.

## Automotive Technology– Brakes, Steering & Suspension

### Certificate of Proficiency 16 Credits

Recipients of the certificate will have achieved competencies set forth by the National Automotive Technicians Education Foundation (NATEF) and the National Institute for Automotive Service Excellence (ASE).

The major objective of the Brakes, Steering and Suspension certificate program is to provide students opportunity to develop essential skills necessary for an entry-level position in the field of Automotive Brakes, Steering and Suspension repair.

Entry into the program will be on a space-available basis with instructor's permission.

New students must show proof of a valid driver's license.

## Aviation Technology– Air Transportation

### Associate in Applied Science Degree 93 Credits

Aviation, business and human relations courses form the core of this program, which is designed to help prepare a student for entry into the airline industry. It is intended for students interested in ramp service, customer service, reservations, flight attendant service, aircraft servicing, airport maintenance and airport management careers.

Students may enter this program at the beginning of any quarter.

## Aviation Technology– Air Traffic Control–Fast Track Program

### Certificate of Proficiency 43 Credits

This certificate program will prepare an individual without a background in aviation for the FAA admission test into the Air Traffic Control Academy.

An applicant for an Air Traffic Control position must complete the FAA approved AT-CTI (Air Traffic Collegiate Training Initiative) program which includes the completion of the program, receive an institutional recommendation, be a United States citizen, achieve a passing score of 70 or above on the AT-SAT test battery, not have reached their 31st birthday when entering on duty in an FAA terminal or enroute facility, meet FAA medical requirements, successfully complete an interview process

to determine whether the candidate possesses the necessary personal characteristics, and the ability to speak English clearly. The Airline Dispatcher course requires the completion of the required FAA classes with a passing grade of 80 or above for each class.

Upon successful completion of the course, the airline dispatch applicant will qualify for the FAA practical test.

## Aviation Technology– Aircraft Dispatcher

### Certificate of Proficiency 41-43 Credits

The program will prepare students with no background in aviation for the FAA Aircraft Dispatcher practical examination. This examination must be taken within 90 days of graduation.

#### Entrance Requirements:

1. Math scores of 86-100 on the numerical skill portion of the COMPASS or qualifies for Math 072.
2. College level reading competency as measured by COMPASS reading assessment or eligible for READ 104.
3. Recommended keyboarding/typing skill of 30 wpm. Keyboarding/typing skills may be demonstrated by passing a 3-minute typing test at 30 wpm with 5 or less errors using the proper touch typing technique administered by the Business Education department.

Avia 209	International Flight Planning & ETOPS	5

### Aviation Technology– Helicopter Pilot

#### Associate in Applied Science Degree 91 Credits

This degree is similar to Professional Pilot except that an instrument rating is not required. The Commercial Helicopter Pilot FAA certificate (license) is required. This degree requires 150 hours of flight time. Flight training is conducted at one of three locations in the area: Boeing Field, Tacoma Narrows, or Crest Airpark.

## Aviation Technology– Professional Pilot

### Associate in Applied Science Degree 95 Credits

This degree in Professional Pilot, Instrument Pilot and Commercial Pilot requires completion of the relevant FAA Certificates (licenses). All ground instruction and supporting courses are available on campus. Because Green River does not own or operate any aircraft, all flight training except for use of flight simulator, is completed at local airports where the flight schools are located. Each pilot Certificate requires the passing of a flight physical, a written test, accumulation of a prescribed amount of flight time, and a flight test. The written test may be taken anytime, and actual flight time is not required. The pilot ground school and other supporting courses at Green River prepare students for the written test.

Charges for flight training include a per-hour rate for the aircraft (about \$98 per hour), and per hour rate for the flight instructor when the instructor is on-board, for a combined total of about \$130 per hour. As the student progresses to higher ratings, such as instrument pilot, more expensive aircraft are required for at least part of the flight time. The flight instructor will also charge a fee for pre- and post-flight instruction. Flight costs are in addition to tuition and can be paid to Green River or to the flight school.

### Business Applications Specialist

#### Associate in Applied Arts Degree 91-96 Credits

This degree program provides students an opportunity to develop essential business skills in their area of interest as well as a comprehensive general education. Placement in courses depends on the student's prior education and experience. Students in this program must complete all required Bus E classes with a grade of 2.0 or higher. Students may enter this program at the beginning of any quarter. This program meets the college's related instruction requirements for the Associate in Applied Arts degree.

\* Credit by advanced placement may be granted in typing/keyboarding after departmental review of prior training.

† Students may earn up to 10 credits through Cooperative Education classes.

# Satisfies related instruction requirement.

° Qualifies as AAA and AA-DTA activity credit.

### Note:

Students may choose the advanced business applications course as an alternative to the introductory application course requirement such as Bus E 255 in place of Bus E 112.

## Business Applications Specialist

### Certificate 75-80 Credits

This certificate program is to provide students an opportunity to develop essential business skills. Earning a Business Applications Specialist Certificate will provide the student educational background and skills to help secure employment as an office worker in an entry-level position. These credits can be applied to any Business Education degree program. Students in this program must complete all required Bus E classes with a grade of 2.0 or better.

## Business Management

### Associate in Applied Arts Degree 93-98 Credits

This degree program prepares students to be successful in a wide range of business careers. The focus is on providing a broad set of business skills that will help students perform better in the workplace and increase their advancement opportunities. Career paths in business management include marketing, sales, general management, project management, small business, and more.

Business management courses emphasize practical application of skills important for personal and professional development. Our students range from those with no business experience to those with more than two decades in the workforce.

## Carpentry Technology– Residential & Light Commercial Associate in Applied Science Degree 91-96 Credits

This degree program prepares individuals to become successfully employed in the field of construction. Students can also apply these skills to a variety of jobs within the residential construction field. Students can choose to earn a variety of certificates related to residential carpentry, or can earn an AAS degree in Residential and Light Commercial Carpentry. After completion of the certificates or the degree, students can readily find employment as a carpenter helper for either general or specialty contractors. Generally after a period of time, most students find themselves in jobs such as: lead carpenters, general contractors, specialty contractors, supervisors, vendor representatives, designers, retail sales specialists, building inspectors, or other construction-related employment such as construction management positions.

**Note:** Students whose primary language is not English must have successfully completed ESOL Level 3 prior to enrolling in the Carpentry Technology Program

**Additional Note:** Students are required to show proof of medical insurance for all Carpentry classes with the exception of Carp 144 and 148.

*Bold face course offered 2 days only. Regular font courses offered nights only*

# Satisfies related instruction requirements.

*Most General Education courses have prerequisites. Please work with Carpentry advisor for selecting which courses will meet program requirements and scheduling constraints.*

**Carpentry Technology–  
Residential & Light Commercial  
Certificate of Proficiency  
42 Credits**

This certificate program prepares students with carpentry skills and knowledge related to the entire spectrum of residential as well as parts of light commercial construction. Completion can lead to employment with either general or specialty contractors whose focus is on residential or light commercial building. Students will develop a wide range of skills and knowledge in the carpentry trade ranging from foundations to interior trim.

Carp 101.2	Carpentry Seminar 1	3

### **Carpentry Technology– Residential Exterior Finish Level 1**

**Certificate of Proficiency  
9 Credits**

This certificate program offers students the basic skills and knowledge required to find employment with specialty or general contractors whose focus is exterior finish. Students will develop skills in applying various types of roof covering and materials, various types of siding and related trim pieces, and basic deck construction. In addition, students will learn portable power tool usage designed specifically for exterior trim, as well as exterior material knowledge and specifications.

**Contacts:** Glen Martin, ext. 4208 Paul Mueller, ext. 2635

### **Computer Reporting Technologies– Captioning–Sequence A**

**Associate in Applied Arts Degree  
144-209 Credits**

Realtime captioning is done by specially trained court reporters called “stenocaptioners.” The stenocaptioner utilizes a steno machine to provide captions of live television programs and other forms of media for hearing-impaired viewers through realtime technology that instantly produces readable English text. Broadcast captioners work for local stations and for national networks captioning news, emergency broadcasts, sporting events, and other programming.

Another facet of the captioning process is called Communication Access Realtime Translation (CART). This area allows stenocaptioners to provide more personalized services for hearing-impaired people. Most hearing-impaired people lose their hearing postlingually—after acquiring reading and speaking skills—and many of them do not become as proficient with a sign language as they are at reading text. CART reporters may accompany deaf or hearing-impaired clients as needed to classes, meetings, conferences, doctor appointments, church services, etc., to provide instant conversion of speech into text using the steno machine linked to a laptop computer.

Postproduction captioning is the process by which the script text is placed onto a video in order that a hearing-impaired individual can view the tape and read the audio portion that would otherwise be missed. Postproduction captioning utilizes additional hardware for synchronizing the visible text to the timing of the audio and then recording or “burning” the text onto another videotape to create a captioned version of the original.

The Green River Computer Reporting Technologies program is approved by the National Court Reporters Association. All students entering the program must be high school graduates or have earned a GED Certificate. A COMPASS spelling test score of 90% accuracy or above or Engl 090 is required prior to entry into the Computer Reporting Technologies program.

Upon completion of the required classes, students qualify for the Associate in Applied Arts degree in Captioning. They must have completed a minimum of 40 hours of internship encompassing both realtime and postproduction captioning.

In addition to the course work, there are recommended state and/or national examinations that a student should pass to become a captioner or CART provider.

## Computer Reporting Technologies— Court Reporting – Sequence A

### Associate in Applied Art Degree 148-217 Credits

Court Reporters record the verbatim proceedings of a courtroom, deposition, hearing, arbitration, or meeting and provide an accurate transcript of the proceedings. Students learn how to prepare the transcript with the use of a computer. Additionally, students are trained in realtime writing and captioning for the hearing-impaired and nonhearing community. This skill affords new job opportunities.

Official court reporters record the proceedings in a court or hearing room. Freelance reporters may work in various offices or locations as the job necessitates and may be employed by a reporting firm.

The Green River Court Reporting program is accredited by the National Court Reporters Association. All students entering the Court Reporting program must be high school graduates or have earned a GED Certificate. A COMPASS spelling test score of 90% accuracy or above or Engl 090 is required prior to entry into the Computer Reporting Technology programs.

Upon completion of the required classes, students qualify for the Associate in Applied Arts degree in Court Reporting. They must have completed 60 hours of internship of which 50 hours is actual writing time during internship training; passed three 5-minute tests with 96% accuracy or above on literary at 180 wpm and jury charge at 200 wpm; and passed four 5-minute tests on Q&A (two-voice) at 225 wpm, two with 95% accuracy and two with 96% accuracy or above.

In addition to the course work, there are state and/or national examinations that a student should pass to become a court reporter. Reporters must pass the Washington State Licensing examination in order to be certified to work in the state of Washington.

### Computer Reporting Technologies– Medical Stenoscryptionist Certificate of Proficiency 43 Credits

This certificate program prepares students to work with medical professionals preparing medical records and reports using a stenograph machine. The high demand in the field of health care has made medical stenoscryptionist an important aspect of the medical profession. The qualified stenoscryptionist must understand disease processes, anatomy, physiology, and medical terminology, as well as medications and their dosages. An increasing number of medical stenoscryptionists work from home-based offices as subcontractors for hospitals and physicians. These medical language specialists work with prerecorded material rather than a live account from a medical professional. Those who specialize in the health care profession will be highly sought after in the next century.

**Computerized Machining &  
Manufacturing Technology**

**Associate in Applied Science Degree  
90-102 Credits**

This degree program is designed for both the new student entering the field of manufacturing and for the current employee who wishes to learn more about the knowledge and skills currently in demand by employers.

A graduate of the program will be prepared for entry into the manufacturing industry as a conventional or CNC (Computer Numerical Control) machinist trainee. Instruction covers conventional turning, milling and grinding, as well as basic programming, set up and operation of CNC machine tools. Other subjects include shop safety, reading engineering drawings, shop mathematics, machine tool theory, inspection and surface plate techniques, as well as lean manufacturing and other skills currently required by the manufacturing industry.

Credit for hours of training is usually granted to those entering an approved apprenticeship program. Entry into the program at any time is possible on a space-available basis with instructor's permission.

## Criminal Justice

### Associate in Applied Science Degree 113-114 Credits

This degree program is a broad discipline, encompassing the scientific study of crime, criminals, the criminal justice system, treatment of offenders, and theories of crime causation. It is interdisciplinary in nature, drawing from such fields as psychology, political science, sociology, economics, biology and law. Students are encouraged to participate in the

Criminal Justice Advisory Committee and the criminal justice club called "Future Criminal Justice Professionals." Those interested in transferring to a four-year institution should consider this degree because it also satisfies the requirements of the Associate in Arts degree. Students should contact a criminal justice advisor in order to create a customized program of study.

Many of our students continue their academic careers; others seek employment with a variety of criminal justice agencies; other students are returning law enforcement officers updating their skills and education.

**Database Design & Administration**

**Associate in Applied Science Degree  
118 Credits**

This degree program educates students as to the skills necessary to design databases, write HTML, implement servers and networks, and analyze data.

# IT 140	Customer Service for IT Professionals	5
# Math 102 or Math 107 or Math 156	Pre-Calculus 1 or Contemporary Math or Finite Math for Business & Soc Science	5

# Satisfies related instruction requirements.

**Note:**  
Some of the courses have prerequisites; consult the course description section of this catalog for additional information.

**Design Technology–  
Design Drafting Technology**  
**Associate in Applied Science Degree**  
**110-111 Credits**

This degree program allows students to sample a broad range of drafting careers, including studies in mechanical, architectural, civil, structural, and electrical-electronics drafting. Students will develop proficiency in board drafting and computer-aided drafting. Students are able to prepare drawings for manufacturing and fabrication. The ANSI (American National Standards Institute) and the ASME (American Society of Mechanical Engineers) drafting and design standards will be taught and reinforced as students prepare drawings in both 2D and 3D using AutoCAD, CADKey, and Mastercam applications software. Throughout this course of study, students will be required to use sketches, notes, technical literature, and personal research to complete assignments. Students may take related credits in the trade areas of building, manufacturing, engineering, welding, and surveying.

**Note:**

Courses used to satisfy "Required Courses" requirements may not be used to satisfy "Elective Courses" requirements.

**Design Technology–  
Construction Design Technology  
Associate in Applied Science Degree  
120 Credits**

This degree program allows students to be employed by firms connected with the construction and building industry. Using board drafting techniques and computer-aided drafting, students will prepare drawings in both 2D and 3D. Throughout the program, industry-accepted drafting and design standards will be taught and reinforced. Students will be required to use sketches, notes, technical literature, and personal research to complete assignments. Students will complete related credits in the areas of construction and engineering.

**Design Technology–  
Mechanical Design Technology  
Associate in Applied Science Degree  
120 Credits**

Mechanical designers and technicians assist engineers in industry and require a very broad technological background. Students will develop proficiency in board drawing and computer-aided drafting. Students are able to prepare drawings for manufacturing and fabrication. The ANSI (American National Standards Institute) and the ASME (American Society of Mechanical Engineers) drafting and design standards will be taught and reinforced as students prepare drawings in both 2D and 3D using AutoCAD, CADkey, and Mastercam applications software. Throughout this course of study, students will be required to use sketches, notes, technical

literature, and personal research to complete assignments. Students will complete related credits in the areas of manufacturing and engineering.

For the Mechanical Design Technology–AAS-T degree, see page 50.

## Design Technology– Architectural, Structural & Civil Drafting

### Certificate of Proficiency 74 Credits

This certificate program develops entry-level skills in preparing detail drawings, using board drafting skills and computer-aided drafting skills, from sketches, notes, specifications and technical data furnished by architects, engineers, surveyors, builders, and firms connected with the construction and building industry. Students completing this program may enter into the following Associate of Applied Science degree programs—Construction Design Technology and Design Drafting Technology.

## Design Technology– Mechanical Drafting

### Certificate 74 Credits

This certificate program develops entry-level board drafting and computer-aided drafting skills in mechanical drafting and design. The ANSI (American National Standards Institute) and the ASME (American Society of Mechanical Engineers) drafting and design standards will be taught and reinforced as students prepare working 2D and 3D drawings of objects for fabrication with AutoCAD, CAD key, and Mastercam application software. Throughout this course of study, students will be required to use sketches, notes, technical literature, and personal research to complete assignments. Students completing this program may enter into one of three Associate of Applied Science degree programs: Design Drafting Technology, Mechanical Design Technology, or Manufacturing Technology-CIM.

**Early Childhood Education**  
**Associate in Applied Arts Degree**  
**100-104 Credits**

This degree program prepares students for a career in Early Childhood Education. The completion of the degree or certificate program prepares graduates to seek employment in child care centers, Head Start, family child care homes, cooperative and private preschools, children's homes, institutions and other programs serving children from birth through 8 years of age. This curriculum provides meaningful instruction for parents, foster parents and persons working with young children as instructional aides or paraeducators. Cultural relevancy is integrated into each course.

A second option is available for those students who intend to transfer to a four-year institution and complete a bachelor's degree in Early Childhood or Elementary Education. Students should consult with their advisor to match course selection with transfer institution requirements.

Students may specialize in one or more areas of emphasis and may enter this program at the beginning of any quarter.

**Electives or Areas of Specialization**      **15**  
 Any ECE, Edec, or Edu class numbered 100 or above. Students wishing to specialize in Montessori Education may take the Montessori practicum: ECE 181, 182, and 265 instead of ECE 103-104, and 214 and 215 for a total of 12 credits. Any combination of 181, 182, 265, 103, 104, 214, 215, and Edu 210 may be taken to satisfy practicum classes for this degree. Edu 210 may substitute for 103 and 104 (6 credits of practicum), or may be used as an elective.

# Satisfies related instruction requirements.

**Early Childhood Education**  
**Paraeducator**

**Associate in Applied Arts**  
**108-110 Credits**

Paraeducators are a valuable asset for teachers in providing support and assistance in instruction and other direct services to students, and in helping to ensure a positive, safe, and supportive learning community. Based on the Washington State Paraeducator standards, this program provides students with the training needed to work as effective members of instructional teams. Core competencies covered in this program prepare paraeducators to effectively support and extend instruction and services, thereby increasing student learning. These core competencies revolve around the areas of instructional strategies, behavior management, and human growth and development. The coursework is offered partially online as well as in the classroom, drawing on the expertise of local professionals and schools.

Through advising, the student can match their practicum placements and a portion of their course work to Early Childhood, Elementary or Secondary Education with an emphasis in Special Education, ESOL classrooms, and other specialized populations.

This is a dual-purpose degree program that is intended to prepare students for employment as paraeducators with transfer options to specific baccalaureate degree programs.\* Students who wish to explore other transfer options in Teacher Education should contact Project TEACH, a pre-service teacher preparation program designed to provide future teachers with a seamless pathway to a teaching career through partnership with local schools. Project TEACH provides classes designed specifically for future K-12 teachers.

2. Some courses may have prerequisites. See course catalog for descriptions.

## Early Childhood Education

### Certificate of Proficiency 44 Credits

This certificate program is for students wishing to study young children. It can be used as an entry-level training or as a specialization in areas of infant/toddler care, preschool, before and after school care, or center management.

**Contacts:** Diana Holz, ext. 4334      Leslie Kessler, ext. 4555  
dholz@greenriver.edu      lkessler@greenriver.edu

Dept./No.	Course Title	Credits
<b>Students must choose from the following courses to total 44 credits:</b>		
ECE 101	Introduction to Early Childhood Education	5
# ECE 103	Early Childhood Education Practicum 1	3
# ECE 104	Early Childhood Education Practicum 2	3

Edec 130	Guidance & Discipline	3
Edec 140	Health, Safety & Nutrition	3
Edu 240	Multicultural/Anti Bias Issues in Education	3-5

### Electives or Areas of Specialization 14-16

Any ECE, Edec or Edu class numbered 100 or above

#### Areas of Specialization include:

- Child Development Associates (CDA)
- Montessori Teaching
- Infant/Toddler Care Giving
- Center Management
- School-age Programs
- Family Child Care

## Early Childhood Education– Early Childhood Assistant Teacher

### Certificate of Proficiency 27 Credits

This certificate program is an introduction to early learning including methods of interacting with young children in the areas of art, music and movement. This certificate also prepares students to assume the role of a teacher's aide. Students are trained in the basic child care techniques of child development, health and safety, and guidance and discipline.

## Early Childhood Education– Child Development Associate Preparation (CDA)

### Certificate of Proficiency 12 Credits

Students who successfully complete this certificate with a minimum grade of 2.0 in each class are eligible to apply to take the CDA examination, which leads to a nationally recognized CDA credential. The Child Development Associate (CDA) National Credentialing Program focuses on the skills of early care and education professionals. It is designed to provide performance-based training, assessment, and credentialing of childcare staff, home visitors, and family child care providers.

## Forensic Technology

### Associate in Applied Science Degree 113-114 Credits

This degree program answers the need for trained individuals who wish to gain employment in areas such as police support, crime scene investigations, fingerprint and trace evidence examination. Forensics or criminalistics is concerned with the recognition, identification, individualization, and evaluation of physical evidence using the methods of the natural sciences. Some of the major areas of this specialty include: forensic medicine, toxicology, serology, anthropology, odontology, trace evidence (hair, fibers, glass, etc.), documentary evidence, ballistics, explosives, accelerates, and fingerprint examination.

This degree will help prepare students to enter the field of criminalistics or to transfer to a four-year institution to continue their education. Those interested in transferring to a four-year institution should consider this degree as it also satisfies the requirement of the Associate in Arts degree.

Students must attain a grade of 2.0 or above in all CRJ classes.

### Forensic Technology– Forensic & Fingerprint Technology Certificate of Proficiency 40 Credits

Green River Community College is one of the few institutions that offer training to become a Fingerprint Technician. This short-term certificate can be completed in just two quarters and includes training in the new Automatic Fingerprint Identification System (AFIS), classification, evidence presentation, court testimony preparation and basic job skill preparation. Students who earn the certificate are afforded great opportunity for immediate employment with local law enforcement agencies.

**Note:**

Students must attain a grade of 2.0 or above in all classes.

### Fundamentals of Caregiving Introduction to Health Occupations Certificate of Proficiency 12 Credits

Students learn the essential skills necessary for becoming an entry level health care and human services provider which include basic workplace skills and ethics, responsibilities of a care provider, communication skills, patient rights and confidentiality. Students are also instructed in general patient and workplace safety rules. Students earn CPR and Basic First Aid certificates, HIV/AIDS Certificate and Fundamentals of Caregiving Certificate with completion of the course. Students are provided mock hands-on, supervised experience in patient/client related tasks. Seminar portion teaches students the essentials of resume writing and job interviewing.

**Note:** This certificate does not qualify for federal financial aid or VA funding.

### Geographic Information Systems Associate in Applied Science Degree 101-106 Credits

Geographic Information Systems (GIS) are software applications designed to support decision-making, site-selection, spatial analysis and cartography (map making). This technology is widely used by industry and government to support applications such as urban growth management, natural resources/conservation and utilities management.

The Geographic Information Systems program prepares students for employment as GIS technicians and analysts. Graduates are employed by a wide variety of government agencies, utilities, and private businesses that operate and maintain GIS facilities.

## Geographic Information Systems

### Certificate of Proficiency 43 Credits

This certificate program is an intensive nine to twelve month program. It is designed for anyone without GIS background who wants to pursue IS as a new career or for those pursuing GIS careers in government, industry, utilities, planning, municipal services, health or business. This program accepts new students each fall quarter. Students with previous GIS training and/or experience may be admitted beginning in winter or spring quarter.

For the **Information Technology, Information Assurance, Associate in Applied Science-Transfer** degree, see page 48.

For the **Information Technology, Networking, Associate in Applied Science-Transfer** degree, see page 49.

## IT PC Repair Technician

### Certificate of Proficiency 26 Credits

This certificate program prepares students for entry-level employment in the information technology industry as a computer service technician.

Computer service technicians, also called PC hardware technicians, install and configure hardware, operating systems, and applications on computers. They also diagnose and repair or resolve computer hardware and software problems, and perform preventive maintenance and basic networking tasks. They may also work on keyboards, monitors, printers, and mice.

This certificate program provides students with a broad introduction to computer science topics, including operating systems, Microsoft Office applications, networking, and the Internet.

The program has a strong emphasis on PC technical support, and includes hands-on training on hardware and software troubleshooting. In addition to technical knowledge and skills, this program teaches key customer service skills sought by employers. Students in this program also gain real-world help desk work experience.

## IT Help Desk Support Technician

### Certificate of Proficiency 44 Credits

This certificate program is designed to prepare students for entry-level employment as a help-desk technician or technical support specialist.

Help-desk technicians troubleshoot hardware, software, and operating system problems reported by end users, often over the telephone. Technical support specialists install, configure, update, troubleshoot, and repair computer hardware, software, operating systems, and peripheral devices.

Key topics in this certificate program include: PC support, networking, user support, and Microsoft Windows Server or Linux administration. In addition to technical knowledge and skills, this program focuses on the

**Professional Technical • IT Help Desk Support Technician • IT Information Assurance • IT Network Technician**

key interpersonal communication skills sought by employers. Students in this program also gain real-world help desk work experience.

**IT Information Assurance Technician**

**Certificate of Proficiency  
59-64 Credits**

This certificate program prepares students for entry-level employment as a computer security specialist or information assurance technician. It is also useful for established IT professionals who want to add the information assurance specialty to their credentials.

Information assurance is one of the fastest growing and most challenging specialty areas in information technology. Computer security specialists and information assurance technicians educate end users about security; implement security configurations, including hardening servers and client computers; monitor the network for attempted and actual security breaches; and respond to attacks.

Key topics in this certificate program include networking, network security, information assurance, and securing wireless networks. Students in this program also gain real-world network security work experience.

**IT Network Technician**

**Certificate of Proficiency  
51-56 Credits**

The IT Network Technician certificate prepares students for entry-level employment as a network technician or systems administrator. It is also useful for established IT professionals who want to add the network technician specialty to their credentials.

Network technicians install, support, and maintain an organization's network infrastructure. They also troubleshoot problems and monitor the network to ensure that performance and availability standards are met. In addition, systems administrators may plan and implement network security.

Key topics in this certificate program include: networking, network security, managing Cisco routers and switches, administering Microsoft Windows Directory Services, and implementing and securing wireless networks. Students in this program also gain real-world network management work experience.

## Legal Administrative Assistant

### Associate in Applied Arts Degree 96-103 Credits

This degree program provides students an opportunity to develop essential business skills in their area of interest as well as to offer a comprehensive general education. Placement in courses depends on prior education and experience. Students in this program must complete all required Bus E classes with a grade of 2.0 or higher. This program meets the college's related instruction requirements for the Associate in Applied Arts degree. Students may enter this program at the beginning of any quarter.

Students may choose the advanced computer applications course as an alternative to the introductory application course requirement such as Bus E 255 in place of Bus E 112; Bus E 266 in place of Bus E 100.

An internship opportunity is available to interested students who choose to take Bus E 177 and Coop 171. Thirty hours of work equals 1 credit.

## Natural Resources

### Associate in Applied Science Degree 120 Credits

This degree program prepares graduates to work in a variety of outdoor careers. The growing awareness of water quality, wetland protection, reforestation and environmentally sensitive timber harvest requires the services of technicians with a broad knowledge base. People who are trained to measure and sample the forest, its wildlife, streams and wetlands will enhance their employment opportunities. Wildlife biologists and professional foresters need technicians to efficiently produce accurate data. Park managers need knowledgeable personnel to perform maintenance duties and interpret wildland ecology for the public. Wildland firefighters are needed with current certificates of knowledge and skills.

Students may enter these professional technical programs at the beginning of any quarter:

Natural Resources with emphasis in forestry technology, and specialties in Natural Resources-GIS, Park Management, Water Quality, and Wildland Fire.

All courses apply to the Associate in Arts degree as elective courses and may be transferable to a four-year natural resources program.

Completion of high school algebra and trigonometry courses or equivalent is recommended before beginning this program.

For the Natural Resources, Associate in Applied Science-Transfer degree, see page 51.

#### Note:

Students may enter the Natural Resources program in any quarter, however many Natural Resources courses are only offered one time each year. Correct sequencing is important!

#### Note:

Substitutions of required courses may be made with the department's prior approval when it is agreed that the student's suitability for employment will be enhanced.

## Natural Resources– Geographic Information Systems Option

Associate in Applied Science Degree  
103 Credits

This degree program prepares graduates to work outside collecting data using electronic equipment such as GPS (Global Positioning Systems) or ArcPad, laser range-finders, and data-loggers. They also work inside at a computer, downloading the data collected into databases to produce Geographic Information Systems (GIS) computer-generated maps for public and private entities.

## Natural Resources– Park Management

Associate in Applied Science Degree  
117 Credits

This degree program prepares graduates to work in state, private, county, municipal, and federal parks as assistant park rangers and in associated positions. Park management includes interpreting plant and animal ecology to the general public. Rangers are responsible for constructing and maintaining trails, campgrounds, and facilities. They collect fees, explain and enforce park rules, and promote public safety.

**Occupational Therapy Assistant**  
**Associate in Applied Science Degree**  
**124-129 Credits**

Occupational therapy is a health discipline that provides services to people whose lives have been disrupted by physical injury, illness, and developmental, psychosocial, or aging-related problems. "Occupational" in this sense does not necessarily refer to a person's employment. Instead, it means therapy that enables a person to gain the function necessary to perform day-to-day work, self-care and leisure activities as related to one's roles. Occupational therapy assistants are often part of a health team that not only includes an occupational therapist but may also include physicians, nurses, social workers, teachers, physical therapists and other specialists. Besides preparing to become occupational therapy assistants, students in this program learn many skills that will serve in other helping careers.

Occupational therapy assistants are employed at public schools, long-term care centers, hospitals, rehabilitation centers and geriatric day centers to name a few. Assistants work under the supervision and consultation of an occupational therapist to provide patient treatments. They also provide assistance with patient assessments.

The Occupational Therapy Assistant program is accredited by the Accreditation Council for Occupational Therapy Education (ACOTE) of the American Occupational Therapy Association (AOTA), located at 4720 Montgomery Lane, P. O. Box 31220, Bethesda, MD 20824-1220. AOTA's phone number is (301) 652-AOTA. Graduates of the program will be able to sit for the national certification examination for occupational therapy assistants administered by the National Board for Certification of Occupational Therapy (NBCOT) located at 800 South Frederick Avenue, Suite 200, Gaithersburg, MD 20877-4150. After successful completion of this examination, the graduate will be a Certified Occupational Therapy Assistant (COTA). Washington State requires licensure in order to practice.

Felony convictions may affect a graduate's ability to sit for the NBCOT certification examination and attain state licensure. NBCOT offers an Early Determination Review to individuals who (1) have been charged with or convicted of felony, (2) have had any professional license, registration or certification revoked, suspended or subject to probationary conditions by a regulatory authority or certification board, and/or (3) have been found by any court, administrative or disciplinary proceeding to have committed negligence, malpractice, recklessness or willful or intentional misconduct which resulted in harm to another.

An individual who is considering entering the Green River Community College Occupational Therapy Assistant program, or has already entered the program but is not yet eligible to apply for the certification examination, may have his/her character information reviewed prior to actually applying for the examination by requesting the review. The fee for the review is \$100; a payment form can be found on NBCOT's Web site – [www.nbcot.org](http://www.nbcot.org) – under "Forms".

New students are admitted once a year. Level 2 fieldwork requirements must be completed within 18 months of academic courses.

**Program Application**

Applications will be accepted beginning January 1. Initial review of applications will be for applications received by March 31. Applications will continue to be accepted after March 31 and applicants will be considered for admission on a space available basis or will be placed on an alternate list.

1. Candidates may apply when they have earned a minimum of 15 quarter credits in program prerequisite courses with a minimum grade of 2.0 in each course and a cumulative GPA of at least 2.5 (grades on 4.0 scale).
2. Prerequisite courses for the OTA program are:
  - a. Anatomy & Physiology I & 2
  - b. English
  - c. Psychology, sociology, or communications
3. Submission of a one page statement describing applicant's interest and knowledge in the field.
4. If space permits, students may opt to complete the OTA program on a part-time basis over the course of 10 quarters. In this case students will follow a prescribed course sequence as directed by the OTA Program advisor.

**Selection Process:**

Students who satisfy the above requirements will be selected based on academic preparation, COMPASS scores, GPA, and familiarity or experience with occupational therapy or closely related field. Applicants who have not completed program prerequisites may be accepted on a provisional basis until these requirements are completed with a 2.0 or higher grade in each course and an overall GPA of 2.5 or higher.

**Does the program transfer to four-year schools?**

The classes for the Occupational Therapy Assistant program are not designed to transfer. Students who seek occupational therapy degrees should pursue a Bachelor's degree and then attend an occupational therapy program.

If space permits, students may opt to complete the OTA program on a part-time basis over the course of 10 quarters. In this case students will follow a prescribed course sequence as directed by the OTA Program advisor.

### Physical Therapist Assistant

#### Associate in Applied Science Degree 110-112 Credits

This degree program awards an Associate in Applied Science degree and is accredited by the Commission on Accreditation in Physical Therapy Education. Once students begin PTA classes, they typically complete the program in two years with 110-112 credits, depending on previous college work. Graduates are prepared to work as Physical Therapist Assistants. The Physical Therapist Assistant, under the supervision of a licensed physical therapist, treats individuals with physical limitations

to relieve pain and restore function. Physical therapist assistants work in hospitals, rehabilitation centers, school systems, private physical therapy practices, home health care agencies and sports medicine facilities.

Students must complete the admissions prerequisites in order to apply for the Physical Therapist Assistant program. Please contact the PTA Admissions Coordinator in the Career and Advising Center at ext. 2641 or the PTA program Web site at [www.instruction.greenriver.edu/PTA](http://www.instruction.greenriver.edu/PTA) for specific information. **Requirements are subject to change.**

#### Application Requirements:

Candidates may apply when they have earned a minimum of 15 quarter credits in program prerequisite courses with a minimum grade of 2.0 in each course and a cumulative grade point average of at least 2.5 (grades on 4.0 scale). The required prerequisites are as follows:

#### Anatomy & Physiology 1 & 2

The prerequisite requires 10 quarter-credits (or equivalent) of human anatomy and physiology with a lab. The minimum courses meeting this requirement at GRCC are AP 103 and 104. These courses should be completed within 5 years prior to applying to the program.

#### Speech Communication

Comm 100, Comm 101, Comm 110, or Comm 234 will satisfy this requirement at GRCC. Equivalent speech courses should be verified with the program admissions advisor. Please be advised the Comm 100 will not transfer to a university. (5 communication credits required)

#### English Composition

This requirement may be completed by taking either practical college writing (Engl 102) or College Writing (Engl 110 or equivalent transferable course). Please be advised that Engl 102 will not transfer to a university. (5 composition credits required)

#### Math (college level)

Candidates who complete the math requirement with Acomp or Math (Bus E 110 or B A 145) must also demonstrate math competency by one of the following: Eligibility for COMPASS for elementary algebra (Math 072) or completion of pre-algebra (Math 070) with a 2.5 or higher.

Students who satisfy the above requirements will be selected based on academic preparation, COMPASS scores, GPA, and familiarity or experience with physical therapy or closely related field requirements.

Candidates who have not completed all prerequisites at the time of application must submit their plan for the completion of the required courses prior to fall quarter 2006. Applicants may be considered for provisional acceptance when AP 1 is completed with a grade of 2.0 or higher or considered as fully qualified for acceptance when all prerequisites are completed satisfactorily. When the class capacity is reached, an alternate list will be created. Candidates who have provisional acceptance must complete AP 2 with a minimum grade of 2.0 or their standing will be lost.

The Physical Therapist Assistant courses must be taken in sequence.

Students who wish to pursue a professional physical therapy program should NOT enroll in GRCC's Physical Therapist Assistant program. Transfer of professional/technical coursework is limited.

## Practical Nursing

### Certificate 103-108 Credits

The certificate program prepares a student to provide safe and efficient nursing care. Health facilities such as hospitals, nursing homes, clinics and public health nursing services employ practical nurses under the supervision of a registered nurse or physician.

A multimedia system of individualized instruction, offering stated objectives with a wide range of learning experiences to accomplish each objective is provided.

The Practical Nursing program is a 103 to 108-credit program in which students must demonstrate academic proficiency by completing basic curriculum requirements prior to entry into the core sequence of nursing classes. A high school diploma or GED is required, and a physical exam is required after entrance into the core program. A minimum grade of 2.3 is required in each nursing and supporting course. Evidence of academic proficiency is established by completion of each of the following curriculum requirements with a 2.3 grade or higher.

The following courses are required prior to entry into the Practical Nursing program:

- AP 103 and 104, or AP 205 and AP 206 (10 credits);
- Read 094 or 104, Reading Mastery (5 credits), or college-level reading ability as measured by COMPASS assessment;
- Engl 108, Medical Terminology (2 credits). Placement into Engl 108 is based upon a spelling placement test\* or completion of English 090, Spelling Improvement; and
- Acomp 100N, Computation for Practical Nurses (3 credits). Placement into Acomp 100N is based on an appropriate COMPASS score or by completion of Math 062 (5 credits).

It is recommended that the remaining curriculum requirements also be taken prior to entry into the core coursework; however, a student may choose to enroll in these courses later in the program:

- Communication (5 credits). Choose from Comm 100, 101, 110, or 234
- English Composition (5 credits). Choose from Engl 102, 110, 111, 112, or 113.

The student is expected to provide his/her own transportation to off-site clinical facilities. In addition to paying for tuition and books, the student is required to purchase a uniform, pin, white shoes, watch, bandage, scissors, and liability insurance. For additional information about a required nursing orientation and the application procedure, contact the Health Science curriculum advisor in Career and Advising Center, at ext. 2639.

Upon successful completion of the required credits, the student will earn a Certificate in Practical Nursing. The graduate will be eligible to take the licensing examination and upon passing, practice as a Licensed Practical Nurse. Application for LPN licensure asks information regarding legal convictions, and drug/alcohol and addiction conditions that may inhibit nursing practice. For additional questions on this issue, contact the Washington State Nursing Care Quality Assurance Commission. The program is fully accredited by the Washington State Nursing Care Quality Assurance Commission and the Northwest Association of Schools and Colleges.

**Welding Technology**  
**Associate in Applied Science Degree**  
**100-105 Credits**

Upon completion of the two-year program, the student will qualify for an Associate in Applied Science degree. This training will permit the student to seek employment in the welding field as an engineering aide, sales engineer, and structural steel detailer or trade welder. The student will be prepared to advance rapidly to inspection, shop planning, supervision or one of many related fields. With the proper selection of courses, the student can continue his/her education to become a welding engineer. Consultation with the Welding department is required for admission to the program.

Students may enter the Welding Technology program during any quarter, as space is available.

## Other Learning Options

---

# OTHER LEARNING OPTIONS

## ASSOCIATE DEVELOPMENT DEGREE

### Minimum of 90 Credits

The Associate Development degree allows students to explore different subject areas as they prepare for a career. The flexibility of the degree allows students to customize course requirements to fit their professional goals while simultaneously ensuring competence in core learning outcome areas. The degree is not intended for students planning to transfer to a four-year institution.

### Associate Development degree requirements are:

- Complete a minimum of 90 credits in the courses offered at GRCC. Basic Education (BASIC), English for Speakers of Other Languages (ESOL), and courses designated as High School Diploma only do not count toward the required 90 credits.
- Earn a minimum grade point average of 2.0.
- Complete a minimum of 24 credits, including the last quarter “in residence,” at Green River. Online courses are recognized as part of the 24 credits.
- No more than 25% of the credits may be earned on a pass/no-credit basis.
- The credits identified in each of the following options are counted as part of the 90 credits required for the degree. Students must complete one of the options:

**Option 1:** Complete a Green River certificate program of 45 credits or more.

**Option 2:** Complete the following:

- a Green River certificate program of 25 credits or more
- one course satisfying the written or oral communication requirement of any degree or program at Green River
- one course satisfying the quantitative and symbolic reasoning or computation requirement of any degree or program at Green River
- one course satisfying the human relations requirement of any degree or program at Green River

**Option 3:** Meet with a faculty advisor and custom design a program of study. The program of study must include the following:

- 25 credits or more in courses which specifically prepare a student for employment in an identified specialty area. Courses may be from academic as well as professional technical areas
- one course satisfying the quantitative and symbolic reasoning or computation requirement of any degree or program at Green River
- one course satisfying the written or oral communication requirement of any degree or program at Green River

- one course satisfying the human relations requirement of any degree or program at Green River
- learning outcomes aligned with identified specialty area and selected courses

The program of study must be signed by the advisor and the student. The plan becomes a permanent part of the student's record.

## GENERAL EDUCATION DEVELOPMENT (GED)

Green River offers GED preparation classes to assist the student in preparing for the tests. Classes are available for students who are 16 years of age or older. Students under the age of 19 must have a high school release form for classes and for testing. Additional information is available online, in the course description portion of this catalog, and in the quarterly class schedule.

The GED is a high school exiting credential. Those earning a GED certificate pass each of five critical thinking tests: language arts-writing, language arts-reading, social studies, science, and mathematics.

The GED is recognized by many employers and colleges. Ninety five percent of U.S. colleges and universities recognize the GED credential. More than half of the GED test-takers intend to go on to college or postsecondary training.

Green River is a test site for the GED. Please contact the Assessment and Testing Center at ext. 2650 on days, times and fees.

## HIGH SCHOOL DIPLOMA

Green River Community College offers a complete schedule of courses that meets the requirements for a high school diploma as defined by the Office of the State Superintendent of Public Instruction and the Washington Board of Education. Students complete the required classes to earn a Washington State Diploma. Students can pursue high school credits in one of two ways:

- Earn credits at Green River and transfer them back to their high school, for a high school awarded diploma.
- Earn credits at Green River and apply those credits along with your high school credits to a GRCC awarded high school diploma.

The GRCC high school diploma program is an alternative way to complete high school. Although it is designed for adult students, 19 years and older, students 16-18 can participate. Successful students will meet state and Green River requirements for graduation and will be issued an official State of Washington high school diploma.

Reduced tuition (tuition waivers) may be available for those students 19 years or older or whose high school class has graduated. Please contact the Career and Advising Center office for more information.

### APPLICATION PROCESS

1. Submit a completed Green River application to Enrollment Services, (253) 833-9111, ext. 2500.
2. If age 16, 17, or 18, submit a completed high school release form from the high school you would normally be attending. This is a Green River form that high schools typically have. A letter from school district personnel on official school stationery can be substituted.
3. Obtain and submit "official" copies of all previous high school/college transcripts.

Send transcripts to:

**Green River Community College**  
Attn: Jon Arnhold-Career and Advising Center  
12401 SE 320th Street  
Auburn, WA 98092-3622

If you hand-carry your "official" transcripts, they must be received in an unopened envelope that has been sealed by the school where credit was earned.

4. Complete Green River's assessment (COMPASS.) Call (253) 833-9111, ext. 2650, for a recorded message regarding testing hours. There is a fee of \$10.90 for the COMPASS, and picture identification is required to assess writing, reading and math skills.
5. Make an appointment with Jon Arnhold in Career and Advising Center for an evaluation of your transcripts to see what classes are needed for you to earn a high school diploma. Call (253) 833-9111 ext. 2641 or 2630 to schedule an appointment. Bring your COMPASS scores to the meeting.

Depending on a student's assessment/placement scores, college level classes may be taken to fulfill both high school and college degree requirements at the same time. Green River's COMPASS assessment should be taken prior to enrolling in classes.

There is more information on the Green River Community College Website, at: <http://www.greenriver.edu/edplanning/hscomp.htm>.

### HIGH SCHOOL DIPLOMA COURSE ARTICULATION

The high school diploma course articulation policy was created to ensure that students are not penalized by the differences in specific requirements imposed by individual districts/campuses within the general guidelines of the Washington State High School Diploma. Its intent is to provide a pathway for acceptance of credit between Washington State high schools and Green River Community College and to limit the need for duplication of credits previously earned.

### POLICY

If a student transfers an individual course (from a Washington State high school or community and technical college) that meets a specific state high school requirement category at the sending institution, that course is considered to have met that requirement at GRCC, even if this course does not have an exact equivalent.

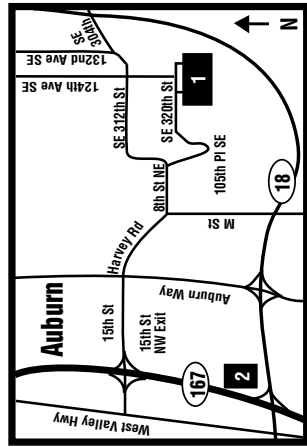

It is the student's responsibility to initiate the articulation process and to gather appropriate documentation from the high school as needed.

This is in accordance with OSPI guidelines for acceptance of credit and Washington State High School Diploma requirements.

Washington State Course Requirements (HS units)	Credits	Students entering high school classes in Fall 2004 or later (GRCC credits). Requirements may change as state law changes.
English	3	Reading (5 credits) Reading 094, 104, or any Literature class Writing (5 credits) English 081 or any English writing class Communication (5 credits) Communication 100 or higher
Math	2	Math (10 credits) with 5 of those credits at Math 097 or higher. If the student did not pass the WASL or an alternative assessment, he/she needs additional math credits, as outlined below: <u>Class of 2008</u> Earn 5 more math credits, at Math 097 or above, and retake the Math WASL. <u>Classes of 2009 to 2012</u> Earn 10 more math credits, 5 of which are at Math 097 or above, and retake the Math WASL annually
Science	2	Science (10 credits) with a minimum 5 credits in a lab science Any lab science course that meets the lab science requirement. Any science course that meets the general science requirement.
U.S. History	1	U. S. History (5 credits) High School Completion D21 (3 credits) and D22 (3 credits), History (5 credits each) 220, 221, 222, or 135
Civics & Government	.5	Civics/Government (3 credits) High School Completion D25 (3 credits) or Political Science 202 (5 credits)
Washington State History	.5	History 024 (5 credits) or History 200 (5 credits)
Contemporary World History, Geography, and Problems	1	5 credits from: High School Completion D31, D32, American Minority & Ethnic Studies 100 Economics 090, 100 Geography 100, 108, 200 History 103, 225, 231, 250 Philosophy 102 Political Science 090, 100, 201, 203 Sociology 110
